On June 16, 2022, Barrie formally earned the prestigious title of [Nature Canada's](#) 15th Bird Friendly City. A Bird Friendly City is a community where key threats to birds are effectively mitigated, nature is restored so native bird populations can thrive, residents are actively engaged in admiring and monitoring local bird populations, and organizations are creating events to protect birds.

The Bird Friendly City designation has been developed by Nature Canada to encourage Canadian cities and municipalities to become safer and better places for birds. To learn more about Barrie's Bird Friendly City designation, visit barrie.ca/BirdFriendlyCity.
