SECTION "C"

18-G-123

APPLICATION FOR A DRAFT PLAN OF SUBDIVISION SUBMITTED BY SKELTON BRUMWELL AND ASSOCIATES ON BEHALF OF BELL MEDIA - 40 HARVIE ROAD (WARD 6) (FILE: D12-439)

Mr. Gary Bell of Skelton Brumwell and Associates Inc. advised that the purpose of the Public Meeting was to discuss an application for an Industrial/Commercial Draft Plan of Subdivision for land known municipally as 40 Harvie Road, Barrie.

Mr. Bell discussed slides concerning the following topics:

- The history associated with the subject property;
- An aerial map of the subject property and he recognized that the property is the traditional territory of the Haudensaunee and Anishnabek and is covered by the Upper Canada Treaties;
- Various renderings illustrating planning applications over the last 20 years;
- A recent analysis associated to the Bryne Drive alignment and the requirements for blocks related to the Harvie Road overpass and Highway 400 improvements in coordination with the City's Environmental Assessment Process;
- The Official Plan designation and Zoning for the property and advised that there are no changes to the zoning by-law being requested; and
- The accompanying studies provided in support of the application.

Mr. Bell concluded his presentation and indicated that he believed this application for Industrial/Commercial Plan of Subdivision complies with Provincial and Municipal Planning Policy.

Ms. Celeste Kitsemetry, Planner, Planning and Building Services concurred with the background and history of the development provided by Mr. Bell.

Ms. Kitsemetry clarified that Draft Plan approval is delegated to the Director of Planning and Building Services and that a staff report would not be presented to General Committee. Ms. Kitsemetry advised that since there is no change in the zoning for the subject property a neighbourhood meeting did not take place for this application. She discussed the planning and land use matters under review and next steps in the process.

VERBAL COMMENTS:

No verbal comments concerning this application were provided by members of the public.

Members of General Committee asked a number of questions of the Applicant's representative and City staff and received responses.

WRITTEN CORRESPONDENCE

1. Correspondence from Simcoe County District School Board dated April 23, 2018
2. Correspondence from Hydro One dated April 24, 2018
3. Correspondence from Enbridge dated April 30, 2018

This matter was recommended (Section "C") to City Council for consideration of receipt at its meeting to be held on 6/4/2018.

18-G-124**APPLICATION FOR A ZONING BY-LAW AMENDMENT - SUBMITTED BY INNOVATIVE PLANNING SOLUTIONS ON BEHALF OF FARRAGE DEVELOPMENTS - 46, 50, 52 AND 56 PATTERSON ROAD (WARD 6) (FILE: D14-1651)**

Mr. Darren Vella of Innovative Planning Solutions on behalf of Farrage Developments Inc. advised that the purpose of the Public Meeting was to discuss an application for a Zoning By-law for lands known municipally as 46, 50, 52 and 56 Patterson Road.

Mr. Vella discussed slides concerning the following topics:

- The application context including the property location, size, current use and surrounding land uses;
- Maps illustrating the existing medium density developments in the area;
- The current Official Plan land use designation and zoning of the subject property and surrounding areas;
- A rendering illustrating the proposed development;
- A summary of concerns raised at the May 9, 2018 Neighbourhood meeting;
- The proposed Zoning By-law amendments and special provisions being requested;
- A review of the Planning Policy for the area; and

- Conceptual drawings illustrating the Patterson Road elevation and floor plans.

Ms. Celeste Kitsemetry, Planner, Planning and Building provided details related to the history of the application as well as the primary planning and land use considerations associated with the application. She discussed the comments and concerns of the members of the public in attendance at the Neighbourhood Meeting held on May 9, 2018 and the anticipated timelines for the staff report regarding the application.

VERBAL COMMENTS:

1. **Ms. Andrea Attridge, 204 Crawford Street** spoke in opposition to the proposed Zoning By-law Amendment. Ms. Attridge advised that she was speaking as her family has concerns with the proposed development as her neighbourhood is not identified for intensification under the City's Official Plan. She also discussed her concerns associated with the absence of a long term development plan for the area. Ms. Attridge noted that she understood that development and an increase in density is inevitable, but noted that she felt that this area is not desirable for the proposed development. She indicated that she has five main areas of concern with the Planning Justification and Functional Servicing Reports prepared by the Applicant's representative, as follows:
 - a) Referencing similar developments in the area should not be a reason to approve this application, as other developments have different densities and site characteristics which are not transferable to this site;
 - b) Concerns associated with the removal of mature trees on the subject property, as the trees help buffer noise from Highway 400 and industrial activity in the area, assist with erosion control and by removing the trees there is concern that increasing runoff will affect neighbouring properties;
 - c) Even though there are some amenities within the vicinity of development, without any major retailers or medical offices, residents will need to use vehicles for most trips, which may result an increase in traffic congestion in the area;
 - d) That the applicant had indicated that there will accessibility and availability of transit in the area, but the current transit schedule for this area is not convenient and may not have a significant impact reducing traffic. She also noted her concerns associated with the possible increase in traffic in the area and on streets such as Crawford Drive; and
 - e) That the applicant indicates the development will provide a diverse range of housing and various affordability points, and that there is concern that this development will not actually provide any affordable housing.

Ms. Attridge noted that the items she discussed were used by the applicant in support of the application, but felt that the reality of the situation on the existing families in the neighbourhood is not being looked at. She indicated that the people who had moved into the neighbourhood is quiet and well established, with no prospective of a development being undertaken. Ms. Attridge noted that the residents had also chosen to live in that area due to the property sizes. She expressed that she felt in the absence of a development plan the properties would become a target for developers to purchase piece meal for potential redevelopment. She noted that she felt it could result in the reshaping of the neighbourhood. Ms. Attridge discussed that she does not plan to move out of the neighbourhood, but that she does not want to see the area eroded by patchwork redevelopment.

In conclusion, Ms. Attridge advised that she strongly opposes the proposed zoning by-law amendment and that she does not believe that the development is appropriate for the area.

2. **Ms. Reiko Niwa, 60 Patterson Road** inquired whether the letter she submitted was made available to the Committee. She was advised that the letter was included in the background information for the Public Meeting.

Members of General Committee asked a number of questions of the Applicant's representative and City staff and received responses.

WRITTEN CORRESPONDENCE:

1. Correspondence from Enbridge dated April 30, 2018.
2. Correspondence from Simcoe County District School Board dated May 17, 2018.
3. Correspondence from Kenji and Reiko Niwa dated May 22, 2018.
4. Correspondence from Andrea Attridge dated May 28, 2018 (read and submitted at Public Meeting).

This matter was recommended (Section "C") to City Council for consideration of receipt at its meeting to be held on 6/4/2018.

The General Committee met and recommends adoption of the following recommendation(s):
