SENIOR SERVICES DIRECTORY

J. Goulie, Recreation Programmer provided a publication entitled “55+ Information Directory”. Ms. Goulie advised that the directory was distributed to City residents in the Barrie Examiner in 2014 and provided information associated with:

- Assistive devices;
- Transportation services;
- Shopping assistance;
- Counselling services;
- Home health care and support services;
- Food services;
- Accommodations and housing services;
- Government, financial and legal services;
- Volunteer Opportunities;
- Recreation, clubs and lifelong learning; and
- Community Agencies.

Ms. Goulie noted that a 55+ Information Directory has not been circulated to residents since 2014. She indicated that the directory was beneficial to seniors as it offered a paper directory and easy access to assistance.

The Committee deferred this item to a future meeting to in order to have staff investigate the feasibility of re-creating the 55+ Information Directory.
