FOR IMMEDIATE RELEASE

Residents reminded to check mail for 2026 Waste Collection Calendar

(Barrie, ON) – Delivery of the City's 2026 Waste Collection Calendar to Barrie households will begin this week.

The Waste Collection Calendar contains information about residential municipal waste collection including maps, schedules, and waste collection tips.

If you live at a multi-residential address, you will not receive the calendar in the mail. Copies will be available for pickup at City facilities by late December at the following locations:

- Service Barrie, first floor of City Hall, 70 Collier Street
- Allandale Recreation Centre, 190 Bayview Drive
- East Bayfield Community Centre, 80 Livingstone Street East
- Parkview Centre, 189 Blake Street
- Peggy Hill Team Community Centre, 171 Mapleton Avenue
- Barrie Public Library branches
- Barrie Landfill & Environmental Centre, 272 Ferndale Drive North

Residents are reminded that residential recycling is not managed by the City; Circular Materials is responsible for residential recycling with their own contract with Emterra, including recycling-related promotion, education, and customer service.

As it is not a City service, recycling information is not included in the City's 2026 Waste Collection Calendar. For 2026 recycling information, including collection schedules and accepted materials, residents are encouraged to visit CircularMaterials.ca/barrie for the most up-to-date information.

To see a digital version of the 2026 Waste Collection Calendar, visit barrie.ca/calendar.
