The General Committee recommends adoption of the following recommendation(s) which were dealt with on the consent portion of the agenda:

SECTION "B"

14-G-088 **2013 COUNCIL RENUMERATION**

1. That the 2013 Council Remuneration Report outlining expenses for members of Council be posted immediately within the Mayor and Council section of the City of Barrie website.
2. That staff in the Finance Department prepare a report to General Committee regarding implementation of quarterly reporting of Council expenses effective the 2014-2018 term of Council. (File: F00)

This matter was recommended (Section "B") to City Council for consideration of adoption at its meeting to be held on 28/04/2014.

14-G-089**SUNNIDALE PARK PLAYGROUND (WARD 4)**

That in accordance with the Accessible Playground Design Policy, the location and conceptual design of the Sunnidale Playground redevelopment be endorsed and the following accessible specifications for the Sunnidale Playground be supported:

- a) That the Accessible routes will not exceed a maximum gradient of 16:1 (6.25 %);
- b) That the Accessible ramps will not exceed a maximum gradient of 12:1 (8.33 %);
- c) That the surface materials of the accessible routes and ramps will consist of compacted limestone screenings, 3m in width, to be consistent with the Trans-Canada Trail network existing throughout Sunnidale Park;
- d) That the surface material of the playground fall zones will be 100% cedar engineered wood fiber, (with the exception of a small provisional sand play area) with a minimum 100mm high containment edging, including 1200 mm wide depressed access ramps strategically located to facilitate the Accessible routes;
- e) That the containment edging will be specified as poured in place concrete curbing, but a provisional cost will be requested for a pressure-treated timber alternative if the site construction costs come in over-budget;
- f) That the adaptation of the existing topography will endeavour to reduce the cost of providing ramped access to elevated play structures, and minimize the requirement for retaining walls through the grading of maximum 3:1 sodded / planted slopes;
- g) That the inclusion of CSA compliant transfer stations will be used to complete accessible routes where necessary;
- h) That the Playground areas as laid out in the site concept will be considered as one playground location, which must meet or exceed the minimum Accessible criteria of the CSA standards, Annex "H"; and
- i) That additional universal/inclusive play components will be mandated in the Request for Proposals, as will the provision of Fire Prevention Safety elements. (File: C00)

Any interested persons wishing further notification of the staff reports regarding the applications were advised to sign the appropriate notification form required by the City Clerk's Office. Mayor Lehman confirmed with the Deputy City Clerk that notification was conducted in accordance with the Planning Act.

SECTION "C"**14-G-094 APPLICATION FOR AN OFFICIAL PLAN AMENDMENT AND AMENDMENT TO THE ZONING BY-LAW - ROYAL VICTORIA REGIONAL HEALTH CENTRE - 27 GALLIE COURT AND 145 DUNSMORE LANE, BARRIE (WARD 1)**

Ms. Shelley Ditty, Vice-President, Planning and Support Services of the Royal Victoria Regional Health Centre (RVH), thanked Council for its financial support of the RVH expansion project. She noted that the project was completed on time and under budget and detailed its scope including additional beds and the provision of a cancer care centre. Ms. Ditty observed that the expansion also resulted in a recruitment of 600 new employees and growing increasing patient volume, which has made parking at RVH challenging. She indicated that the purpose of the application is to request a zoning amendment to facilitate 300 additional parking spaces for RVH staff on the east side of Gallie Court. Ms. Ditty commented that RVH is intending to enhance the space by adding new plantings, landscape buffering and lighting along the path, while minimizing the impact on the environment.

Ms. Heidi Hanson of Hanson & Jung Architects provided an image of the proposed hospital campus parking plan. She highlighted that the proposed use for the property on the east side of Gallie Court is to provide staff parking between the hours of 6:00 a.m. to 6:00 p.m., with no public access. Ms. Hanson commented that existing parking spaces would be made available to patients and their families. She displayed photos of the subject lands from various view sheds to provide site context. Ms. Hanson noted that the various consultants were involved in the project to ensure protection of wetlands and to minimize any impact of additional traffic, noise, and lighting on the existing neighbourhoods. She reviewed the proposed measures to mitigate the impact on the wetlands and neighbours in the surrounding area.

In closing, Ms. Hanson noted that discussions with the Nottawasaga Valley Conservation Authority will continue to gain an understanding of the extent of the wetland. She advised that plan has been updated to address some of the concerns of the Authority which will likely reduce the number of parking spots.

PUBLIC COMMENTS

1. **Mr. Brandan Partridge, 125 Dunsmore Lane** raised concerns related to the location of the snow storage on the subject site and flooding of his property. He also noted that the existing fence is six feet tall, but begins one foot off of the lawn, resulting in garbage and debris blowing under it. Mr. Partridge commented on his experiences with the existing construction contractor works on the subject site and the damage from the resulting vibration within his house.

Ms. Hanson responded to the enquiry related to the location of snow storage.

Members of General Committee asked a number of questions and received responses from the representatives of the applicant.

WRITTEN CORRESPONDENCE

1. Correspondence from the Nottawasaga Valley Conservation Authority, dated April 8, 2014.
2. Correspondence from the Nottawasaga Valley Conservation Authority, dated April 11, 2014.

14-G-095 APPLICATION FOR AN OFFICIAL PLAN AMENDMENT TO SECTION 6.8 BONUSING POLICIES OF THE CITY OF BARRIE OFFICIAL PLAN

Mr. M. Kalyaniwalla, Manager of Planning Policy discussed the concept of bonusing, noting that it is provided for in the Planning Act as an optional tool to provide community benefits in exchange for allowing buildings to exceed the Zoning By-law provisions related to height and/or density of development, where there is a rationale for the increase. He described facilities that could be considered as community benefits including affordable housing, recreational facilities, daycare, cultural facilities, and public art. Mr. Kalyaniwalla reviewed an image from the Ministry of Municipal Affairs and Housing illustrating how additional height and/or density could be provided in exchange for community benefits. He discussed the statutory requirements in order to implement bonusing, as well as the potential advantages.

Mr. Kalyaniwalla reviewed the existing bonusing policy and the rationale associated with implementing new policy provisions. He highlighted the proposed policy changes and provided a number of images of the types of community benefits that could be achieved. Mr. Kalyaniwalla discussed the need for revised policies and the proposed implementation process. He concluded by reviewing the next steps in the process.

PUBLIC COMMENTS

1. **Mr. Greg Stephenson, 5 Tomlin Court** questioned how other municipalities implement bonusing policies to ensure zoning changes made are in the best interest of city and local residents, what controls would be in place to ensure that the community benefits are received as agreed upon in exchange for the additional height and/or density and what lessons have been learned from other municipalities to ensure our policies would work.

Mr. Kalyaniwalla provided a response to the questions raised.

Members of General Committee asked a number of questions and received responses.

WRITTEN CORRESPONDENCE

There was no written correspondence received.
