BARRIE-BRYNE DEVELOPMENTS LIMITED

Brief Statement of Purpose of Deputation:

To provide a brief justification of our application to Council for consideration. Our application was not approved by General Committee at the meeting held on September 13, 2023, and we would appreciate the opportunity to provide some reasons why we believe it would be appropriate to grant this extension.

This includes reducing nuisances in the area, which was a reason why the farming permission was initially granted. In addition, by granting an extension the farmer will not be negatively impacted by the loss of business. It should also be noted that while the intent is to develop the property, development cannot proceed currently until all development approvals are obtained. We are only requesting a one (1) year extension to farm the land until such time as development is ready to proceed.
