AND WHEREAS eco-fees are a direct pass through of pollution costs by the producer to the consumer, costing Ontarians over \$175 million in 2012 alone;

AND WHEREAS *Bill 91 - Waste Reduction Act* as proposed by the Ontario government in 2013 introduced the concept of independent producer responsibility (IPR) that provides that producers be responsible for 100% of the costs of certain designated wastes and have the flexibility to determine how IPR programs are established, designed and operated;

AND WHEREAS municipalities should not have to bear the cost of managing these materials;

AND WHEREAS the proposed *Waste Reduction Act*, if implemented in its current form, would provide considerable savings to Barrie residents and can create innovations as producers develop more easily recyclable packaging or better ways to collect and process them;

SECTION "K"**14-G-226****REPORT OF THE INTEGRITY COMMISSIONER DATED JULY 26, 2014**

That the report of the Integrity Commissioner, dated July 26, 2014, be received.

Councillor, L. Strachan provided the following statement addressing the recommendation of the Integrity Commissioner contained within the Integrity Commissioner's report.

"I would like to take this opportunity to provide a statement, as recommended by the Integrity Commissioner, in regards to the report that is on this evening's agenda. I would like to apologize to Council and my constituents for an error in judgment that I made to join a delegation of presenters providing an informational update to Council on the Barrie Pathways to End Homelessness Project.

I love this city, especially my community and my ward. This is the primary reason why I was motivated to serve on Council and my commitment to the David Busby Street Centre. I took employment at the David Busby Street Centre in 2011 as a Development Officer and subsequently was awarded the Trillium Contract to act as project manager for the Barrie Pathways to End Homelessness in 2013. Members of council and the public will be aware of this as I have declared a conflict at this table on matters related to my full time employment in the past. As an employee of the Busby and project coordinator for Barrie Pathways I had come to believe that homelessness can truly be conquered. This passion caused me to make a mistake.

It is now clear to me that I should have been more specific in my comments to leave the Council table at the time of the presentation. I should have also recognized that when I left my seat at the Council table due to a conflict that I should have refrained from answering questions as part of the presentation.

I did answer the questions in good faith. Members of my community were requesting information and I knew I was the best informed to provide fulsome answers. I felt I was doing the right thing by being transparent and providing accurate and up to date information to the public.

However, in answering these questions did create the impression of a conflict. Following the meeting and the complaints to the integrity commissioner, I re-read the Council Code of Conduct. I saw clearly that I had made a procedural error that put me in conflict with the code. This was not my intention but it is clear to me that I made a mistake.

I can assure members of Council and the public that I am aware of my mistake and I deeply regret and apologize for my actions. If a matter of my employment should arise in the future, I will declare a conflict under the municipal conflict of interest act and in accordance with the council code of conduct.

I would like to thank you for giving me the opportunity to publicly account for the events of the Council meeting in question and clarify my position. I am proud to be dedicated to serving all members of my constituency regardless of age, gender, race, or socio-economic background.

Being on Council is a privilege and a responsibility that I do not take lightly. It is an honour to sit at this table and work with my fellow councillors, the mayor and the community to make this city an even better place. Thank you for your time and indulgence Mayor Lehman and members of Committee.”

This matter was recommended (Section "K") to City Council for consideration of adoption at its meeting to be held on 25/08/2014.
