2024 Fraud & Wrongdoing Program Summary

The Fraud & Wrongdoing Program continues to provide City staff with options for reporting concerns which resulted in corrective action and improved internal controls at the City.

The Fraud & Wrongdoing Program formalizes how City staff can report concerns of fraud or wrongdoing without fear of retaliation. In addition to the ability to report concerns directly to supervisors or other City employees, staff are also able to report with

anonymity if desired by phone, through a website, or a P.O. Box, all of which are operated by an independent third party. The Director of Internal Audit and Director of Legal Services are “Primary Reviewers” of reports received by the third party. If a reporter does not want the Primary Reviewers to see their report, they have the option of submitting a “Sensitive” report which is sent directly to the Chief Administrative Officer for review. The statistics presented do not include any Sensitive reports that may have been received.

The number and method of submission for reports received by the City’s Fraud & Wrongdoing Program since its inception are set out below:

Note: Reports previously identified as an “Investigation in progress” from prior years have been completed and the outcome has been reflected in the table above.

Outcome descriptions include:

- a) “Substantiated” refers to reports found through internal review to be accurate. Not all substantiated reports reflect unethical conduct but can identify the need for enhanced controls to reduce the risk of fraud or wrongdoing. In the 1 report substantiated in 2024, 1 employee was terminated and improvements were made to City processes.
- b) “Unsubstantiated” refers to reports found through internal review not to be accurate. An unsubstantiated report can still highlight potential risks and control weaknesses that may need to be addressed.
- c) “Insufficient information” refers to reports that could not be fully reviewed due to limited information provided by the anonymous reporter.
- d) “Not applicable to Fraud & Wrongdoing” include questions related to third party system access or business questions for City departments rather than concerns related to ethics or violations of the Code of Conduct.

Summary of 2024 Internal Audit Activity

A summary of the 2024 Internal Audit activity is attached in Appendix “A”.

The Internal Audit Charter states that Internal Audit will prepare an annual report to the Finance and Corporate Services Committee summarizing all activity for the previous year showing the status of work against the approved plan.

Internal Audit Work Plan for 2025

The Internal Audit Work Plan for 2025 included in Appendix “B” contains projects developed from identified areas of risk for the City. The Internal Audit Work Plan for 2025 was developed from an identification of risk areas by the Director of Internal Audit with input from the Executive Management Team (EMT) and the Chair of the Finance & Responsible Governance Committee in 2024. The 2024 approved Work Plan was not fully completed due to resource limitations therefore remaining projects are being carried forward to the 2025 Work Plan.

There is flexibility in the Work Plan to allow Internal Audit to address projects that may arise during the year as requested by Council or EMT.

Financial Implications:

There are no financial implications for The Corporation resulting from the proposed recommendations.

Alternatives:

The following alternatives are available for consideration by the Finance and Responsible Governance Committee:

Alternative #1 – The Finance and Responsible Governance Committee could not approve the proposed 2025 Internal Audit Work Plan. This alternative is not recommended as the proposed plan was prepared to prioritize projects which will meet the strategic objectives of Council and address identified risk areas. The Committee could decide to add/delete/replace projects from the proposed work plan understanding that the plan was prepared with input from EMT.
