194	I'm concerned that this market will not have quality vendors. The comparison to Byward Market suggests that planning is for a tourist trap, not the farmers market as is, replicating downtown shops is redundant also, putting them in direct competition. I see this market as poorly conceived and thrust upon the original market vendors with political intent. Suggesting shoe repair or alcohol is indicative of pandering to politicians who want to justify the need to bring tourists to the downtown. Don't ruin the market. Pre pandemic I attended weekly for 15 years. This is not progress.	10/22/2021 11:56 PM

30	The most memorable I've ever been to was the Luang Prabang night market that takes over the Main Street and include street food/takeout. The ephemeral nature of it combined with the night atmosphere, street food dining experience and the cultural heritage landscape contributed to this. The farmers market in Olympia, Washington was also memorable because of the atmosphere/entertainment, mix of vendors and great space.	11/19/2021 8:36 PM

truck that 4 entrepreneurs can cook 1 week each to develop their brand, menu to venture on their own after. Expensive rent makes owners increase prices and then residents just don't go there. Who wants to go to downtown bakery that sells \$4 coffees and \$4 bakery item when I can stop by mcd for a \$1 coffee and that will take me 5 minutes.

62	Ottawa's Market has become a vibrant and lively place for local communities to gather and tourists to explore. I love that it is a hub and also reflects the culture of Ottawa as a city. It would be great to see a permanent market in Barrie bring more people into our downtown local businesses, while also getting a taste and sense of our local artisans offerings. Barrie is really becoming a scene for artists and I would love to see more art installations and highlighting our local arts scene from music, dancing, and everything in between. Similarly, Barrie offers high quality local products from butcheries to fresh fruit and baked goods. It would be amazing to combine everything that makes us unique into a hub that emphasizes on shopping local and walking/biking more of our downtown. There is plenty of parking around and I think it would be great to focus more on active infrastructure. What I love about Ottawa is the ability to walk from the market and experiences, to other places around (ie parliament hill, museums, etc.). Lots of potential with this space that if executed well, could really highlight everything that makes us unique and share a collective sense of pride of local love in our growing city.	11/19/2021 9:17 AM
63	Outdoor patios, music performers, band shell, food trucks	11/18/2021 8:41 PM
64	Byward Market is my best example. Frankly, having 1-2 story strip buildings with car-free walking pathways inviting visitors to explore the whole area. This could draw visitors to wander on to Dunlop Street and expand the purchasing area.	11/18/2021 7:50 PM
65	quality vendors. Specialty food that is delicious and hard to find elsewhere. A good bakery.	11/18/2021 7:06 PM
66	London used to have a remote site for the local TV station to do downtown broadcasts from. Like their market, great vendors, meeting rooms available to rent on the upper floor.	11/18/2021 6:17 PM
67	Variety of things, food, fresh flowers, fresh bakery goods, seasonal goods, outdoor seating available, outdoor food trucks, outdoor music live or broadcasting, light stings to create a beautiful ambiance. European flare! Colourful umbrellas for shelter seasonal. Hanging baskets to make the area beautiful. Like the Distillery District in Toronto. You want to make this a destination place! Make it have fun and interesting unique things and exciting foods available to draw people here! Why can't we use that building across from the Farm house? We are new to Barrie and see this lovely building sitting empty for the past 2 years. Why? It would be the perfect beautiful location for something like this! Ask the Indigenous people to name the building and create and design a beautiful monument/ sculpture and gardens that we can all use and be proud of. Another destination! Have local artists display all their products/ crafts and music! Food of course also. A great place for a private style coffee house with light meals. Outdoor sitting area with lights, pathway seating available to enjoy our beautiful waterfront! Sitting empty is such a waste of money. Everyone is losing money every day it remains empty. This will create much needed jobs in a beautiful setting! The Go is right there! Seriously what a terrific location! Have a Christmas Market, Oktoberfest month celebrations, Easter	11/18/2021 5:58 PM

86	Love the Byward market for the diverse ethnic food offerings, funky used clothing stores, artisan studios and great coffee shops. My concern with this idea for the Bus Terminal is that those vendors at the market will be directly competing with nearby stores. Downtown Barrie business owners often pay exorbitant rents and are struggling to survive. Will those businesses have to now also rent a stall at the market? It may well put small shops out of business. If the market fills a void, like the lack of fresh groceries in the downtown area, that's great, but they should not be allowed to compete directly with existing downtown businesses.	11/14/2021 12:44 AM

143	Why not just do this at the old Bradford greenhouse centre???? There's actual parking and a building already. You're just wasting resources and spending more tax dollars that should be used elsewhere. Stop making out city into a concrete jungle. It's disgusting. Stop promoting recycling if you're not going to recycle the buildings and resources you already have and even if you do, it doesn't need to be yet another housing development.	11/9/2021 10:11 AM

307	I worked at the St Jacobs market for years, and purchased my fresh produce, meat and baked good there each week. It was fresh, and missing the preservatives and chemicals in our grocery store foods. I love purchasing products grown and made locally. The live music and food vendors were always part of the experience, and I loved purchasing unique handmade gifts. It was an experience as much as a necessary part of our regular shopping. Diversity, culture, art and real people. It's awesome. I so hope we can have something like this in Barrie!!!	11/6/2021 6:56 PM

The St Jacob's (Waterloo) Farmer's Market only operates a few days a week. The Barrie location should not be owned or operated by the city, & should not be saddled on the taxpayers, so we don't support this venture.	10/25/2021 10:19 PM

802	The most interesting thing about markets in other countries is how crowded they are. And that is some of their appeal. The designers need to find a balance between crowded and too crowded in their spacing. We can be too concerned about order when sometimes disarray is attractive. Good signage is critical and grouping of "like" vendors also makes the market easier to navigate. Wayfinding. So the meat/dairy booths in one section, fruit, vegies and flowers, baked goods, Crafts corner. That sort of thing. I would like to get more involved in this process.	10/23/2021 10:41 AM

851	In Europe the markets have the ability to have outdoor pop up venues. This allows for quick spontaneous events or celebrations.	10/22/2021 10:48 PM
852	Ex: Granville Island in Vancouver. Different vendors.. "one stop shop" for all needs. Flowers, small gifts, food, takeaway food. North Vancouver (Lonsdale area) also has a great beer garden (it's byob) that you have to purchase food at to enter. There is also a one-hour time period, so it keeps turnover high. Could make it seasonal (weather dependant) with space heaters or fire pits in the cooler months. Similar to the Distillery district in Toronto.. a Christmas market would be nice as well	10/22/2021 10:48 PM
853	Extended hours, the current barrie farmers market does not have long enough shopping window.	10/22/2021 10:40 PM

918	My husband and I frequent public markets on all our in-country and out-of-country trip excursions whenever possible. For us, we don't gather souvenirs of our trips that are typical - we find items that are locally crafted and unique to the area due to location, available materials and local talent. To us, it is the inclusion of high quality vendors (think One of a Kind show level) that makes or breaks a public market. Whether that be in unique food vendors (must have local food creations) or locally created art, woodworking, crafts etc, it's the quality of the vendors that proves to be the most important factor for us.	10/22/2021 5:15 PM
919	European markets with everything local	10/22/2021 5:09 PM

930	St Lawrence market - a lot of variety but a bit cramped.	10/22/2021 4:30 PM
931	Two of my kids attend Carleton, we visit byward and the local farmers market there (which is not at byward), and grew up in TO visiting the St Lawrence market. The big concern for this area downtown is safety. There is a known problem with drugs in that particular spot. Hoping that there will be an increased police effort to control this?	10/22/2021 4:30 PM

942	Special seasonal/occasional themed markets eg. Christmas market; octoberfest. Allow local artisans opportunities to showcase their goods on a occasional schedule whereby not having to commit to a fixed daily or weekly booth - allow one-off booths. this ensures its not the same repetitive goods available.	10/22/2021 4:10 PM
943	Live theatre performances	10/22/2021 4:09 PM
944	I loved being able to get fresh vegetables, fruit, deli meat, cheese ect daily .. all local products so the money goes back into supporting our community! I've always loved the market's in Europe, I think people would also spend more time downtown Barrie especially in the summer time and on the patio's for lunch or afternoons just sitting and relaxing with friends... it would also be beneficial in the wintertime as it's important for people to get out and spend time in the community and also not have to worry about the cold weather (being inside) the market.. it's definitely long overdue!!!	10/22/2021 4:08 PM

970	Unique, trendy items...and not the exact same experience every week. It would be nice to see themes/festivals that would bring in new vendors for short periods of time - 'road show' style. 1028	Pedestrianized, walkable, accessible urban design. Strong connectivity with active transport/public transit infrastructure to ensure people from other parts of the city (i.e. who do not live downtown) can access the market without a vehicle. This, together with a car-dependency reduction plan and investments in active and public transport cultivates a culture of active living, social connection and a strong civic realm for everyone, including youth. The changes being made downtown are fantastic, but if they require a vehicle for people in other parts of Barrie to access them, the co-benefits of walkability are negated.	10/22/2021 2:08 PM

1	This idea is wonderful! I hope the new market would be similar to the Byward market and St Lawrence market in that it would not lose the true market feeling and experience. It would be a shame if it became a high end shopping experience for only those with higher incomes. The markets in other cities provide an experience that is accessible and attractive to almost everyone.	11/21/2021 8:25 PM
2	I look forward to having a permanent market in Barrie and hope that the vendors from the current weekend market will still be there.	11/21/2021 8:24 PM
3	Thank you to the task force and City of Barrie for your efforts in developing such a wonderful Community	11/21/2021 10:58 AM
4	do not put the market in the shadow of far too tall buildings - let the sun shine on people as they walk downtown. public washrooms a must	11/21/2021 8:40 AM
5	Anything that encourages people to meet up in an area with some heated enclosed spaces ... we love Byward Market and European Markets. Possible site for a Christmas Market.	11/20/2021 6:41 PM
6	I am a Chinese Canadian. I would like to find authentic Chinese food from downtown Barrie so that I don't need to drive to Toronto and I can enjoy live in Barrie more.	11/20/2021 10:19 AM
7	I just moved to Barrie (April 2019) and I didn't even know there was a farmers market.	11/20/2021 9:36 AM
8	This would be a great attraction for Barrie and for residents a local area for families to visit and keep our farmers local	11/20/2021 9:14 AM
9	Build a high rise building. The location is too good to be a permanent market only (above the market could be hotels, self storage, multi culture centre, youth centre, office building etc). The five point theater should be a high rise too, to benefit Barrie residents more.	11/20/2021 8:51 AM
10	Thank you ... so looking forward to this exciting project . It will be so worth it to follow thru on this !	11/20/2021 5:56 AM
11	I hope there will be more parking, we hardly go down town, because every time we try, we have to drive around to find a parking space.	11/20/2021 1:10 AM
12	Really would love to see this project become a reality to help clean up the downtown and bring some life to a beautiful site that is otherwise underutilized	11/19/2021 11:16 PM
13	Thanks for the great idea !	11/19/2021 7:38 PM
14	Great survey, great that you're exploring doing this :)	11/19/2021 7:15 PM
15	It's the best idea ever! I'd be far more likely to also walk the shops on downtown Dunlop!	11/19/2021 5:58 PM
16	I want to be a vendor	11/19/2021 4:06 PM
17	I believe a permanent market would greatly improve the ambience of downtown. It would also be a catalyst for further redevelopment and improvement of the downtown west area and fit in with the fabric of a vibrant downtown/waterfront.	11/19/2021 2:25 PM
18	It would be nice to allow a limited number of street buskers	11/19/2021 2:25 PM
19	Right now there are close to zero options for food shopping down town. Just Concillas that people forget about but are amazing. I don't drive so I use instacart alot. I live at 15 Maple, right next to the terminal. If this was there I'd do all my grocery shopping there. I am 100% for sustainable, locally sourced goods and would happily put money back into local farms rather	11/19/2021 12:49 PM

than a big corporation. With all the new high-rises going up right down town, we NEED something like this.

25	Ample and free parking should be considered.	11/19/2021 10:08 AM
26	Going to be really mad if this includes another parking lot	11/19/2021 9:53 AM
27	Do it!!! It can become a hub for people to visit daily. This is so needed.	11/19/2021 9:43 AM
28	The creation of a market district would greatly enhance the downtown and waterfront.	11/19/2021 9:41 AM
29	Love the byward market	11/19/2021 9:39 AM
30	Council, please limit the number of high rises you are approving. LOVE the open air Dunlop	11/19/2021 9:22 AM
31	Love the idea of having a permanent epicentre for highlighting our local farms, shops, bakeries, and arts community.	11/19/2021 9:21 AM
32	Thank you for asking my opinion!	11/19/2021 9:17 AM
33	Get it right. Do exhaustive work to avoid creating a "white elephant". Establish clear title to avoid indigenous claims down the road.	11/18/2021 7:52 PM
34	Think the market is a great idea!	11/18/2021 6:17 PM
35	The corner of Toronto street and Lakeshore? - it's an empty grass lot right now. Could that not be a GREAT place for a 5 story open parking garage! Higher if allowed. We need to think ahead and make it easier for people to come downtown and spend the day/ evening. Parking is always an issue everywhere. Think ahead plan now for all these condos going up and what we want to do with our downtown! Have theme months= Easter, Valentine's, spring fling, summer fun, Pride week, Octoberfest, Remembrance Day celebration, Indigenous Day Celebrations, Black Friday madness, and of course Christmas, Diwali, Hanukkah, kwanza... Be inclusive and creative with all cultures and people so no one feels left out. We need to work and live together happily! Thank you, Renate☺	11/18/2021 6:09 PM
36	Parking would be my main concern as my wife would need a wheel chair	11/18/2021 4:22 PM
37	Definitely a great idea.	11/18/2021 2:09 PM
38	I think the idea is exceptional one of my favourite places to "visit" is the St. Lawrence Market in Toronto	11/18/2021 12:57 PM
39	Hopefully the homeless will be moved to another location and not just across the street where Salvation Army is located. Moving that building would be such an asset to the area. It gets pretty disgusting and unsafe at times. Many older Barrieites do not feel comfortable going near that particular area.	11/18/2021 9:49 AM
40	I would make more use of a permanent market than what is offered now. Saturday mornings are not an ideal shopping time for our family.	11/18/2021 8:03 AM
41	This is a wonderful idea.	11/18/2021 7:55 AM
42	This would be a great addition to the downtown and the sooner the better.	11/17/2021 11:20 PM
43	I don't go to the Barrie market currently because it conflicts with synagogue attendance. But I LOVE markets and would be pleased to go during the week or on Sundays	11/17/2021 9:32 PM
44	I'm interested in being a vendor	11/17/2021 6:06 PM
45	Please look at old train station for market, it is empty. Don't keep selling downtown parking for developments that don't happen.	11/17/2021 9:34 AM

Proposed Bayside Market District Survey

46	I think this would be good as a tourist attraction and hopefully make downtown Barrie more attractive. Hopefully the pan-handlers not be in the area with security being present.	11/15/2021 8:38 AM
47	I work for a small business in downtown Barrie and it has been a difficult couple of years between the construction and Covid. I don't think owners can take any more situations that will affect their livelihood. Barrie should be very careful about whether this project will help or hinder existing businesses. We already have a florist, bakery, olive oil and gourmet food shop so if the market contains similar vendors, it will have an adverse effect on existing businesses.	11/14/2021 12:50 AM
48	Will the Mission be relocated? Create a hub of services such as the Mission, mental health completely away from where the city is sinking taxpayer's dollars. This market will be a spectacular addition to downtown Barrie but unfortunately will not work if shared with homelessness and drugs. Make a choice!	11/13/2021 9:06 PM
49	Great planning, Cheers !	11/13/2021 6:07 PM
50	I live in Allandale area not sure if that's south east west etc. Thankyiu	11/13/2021 6:25 AM
51	I believe this is a very positive addition to downtown Barrie and will improve the quality of life for downtown residents.	11/12/2021 7:11 PM
52	I think it would be more appealing if the location was the old Barrie fairgrounds or the outskirts of Barrie	11/12/2021 1:17 PM
53	If you need citizen participation to help plan the market I would love to help and ima. Former city employee. Love farmers markets!!	11/11/2021 7:39 PM
54	love the concept and think it would be a great addition to the downtown	11/11/2021 5:40 PM
55	And outdoor market would be excellent for Barrie	11/11/2021 5:03 PM
56	I think a downtown market would be great. I just love going to the Byward Market in Ottawa whenever I visit. This would attract more tourists to our area, too.	11/11/2021 10:34 AM
57	Barrie needs a waterfront with boat in restaurants, markets, boutiques on boardwalks and like all global cities beautiful architecture NOT parking lots and high rises.	11/11/2021 10:29 AM
58	I believe it is very important for Barrie to have a year round market to provide the local residents alternatives to shopping for in their own neighbourhood. It will also provide local employment opportunities.	11/11/2021 9:40 AM
59	Visit the London, Ontario market and copy it! One of our daughters has lived in London for over a decade and we think its central market is an excellent model of what a market should be!	11/10/2021 11:37 PM
60	A great idea which will bring more residents and visitors to the downtown.	11/10/2021 10:29 PM
61	Many towns across Canada have successful markets which are open 3-4 days per week, to large city ones open daily. If done properly as a fresh food market, with FREE parking on site, this could really help to get the downtown revitalized. If I have to pay for parking and lug full grocery bags a block or more away, I'd continue going directly to the farm stores and skip going downtown. I'm excited for this possibility. Even though we have lived in Essa for 28 years, over 95% of our shopping dollars are spent in Barrie.	11/10/2021 10:28 PM
62	Please make it as aesthetically pleasing as possible - twinkle and patio lighting. Cafe on the inside so shoppers can stop and grab a coffee or tea before wandering the market. Decorate for the different seasons/holidays. Christmas carollers before and during the Christmas season. And PLEASE, dog friendly!!!	11/10/2021 9:17 PM
63	Can't imagine a year round market being viable in Barrie.	11/10/2021 7:30 PM
64	it would depend on what is offered at the market that determines how often I would visit..if the food vendors already have outlets downtown why would they add the xpense of another location?Have the present day vendors presently been asked how they feel about this? Some/most may only be able to attend on a Saturday for example..what fills the place the other times?	11/10/2021 7:09 PM
65	This is such a fabulous idea! Downtown Barrie, and particularly the area west of the 5 Points could really use a market like this! Tourism would increase, better shops and restaurants would	11/10/2021 4:17 PM

Proposed Bayside Market District Survey

make their home near the market, and locals would shop and dine downtown. Kudos to the Mayor for working so hard to make this a reality!!!

66	I'm interested in being a vendor	11/10/2021 3:01 PM
67	A new permanent market would bring more ppl to Barrie and supply Barrie Families with wholesome foods witch is always more nutritious and healthy	11/10/2021 1:50 PM
68	Your welcome	11/10/2021 11:47 AM
69	Just do it	11/10/2021 11:45 AM
70	Connect Meridian Square to Market w obvious street furnishings/decoration different from Dunlop, route behind Dunlop stores & lakeside of condos; need core operators and occasional vendor opportunities - always changing; enforce 100 mile supply; convenient transit connection to Allandale hub and maybe special transit fare - jump on/off on transit loop from Allandale hub also through downtown Barrie include city hall, library, bars/restaurants, Meridian Square, lake front to make transit attractive alternative - many convenient stops; no public parking at market	11/10/2021 10:37 AM
71	Just be inclusive!	11/9/2021 11:03 PM
72	This is a complete waste of tax payers money, You have a market now once a week and it is visited by a few hundred people. Do you really think it will be viable 7 days a week. You also have to spend a few million for construction on this building, The citizens of Barrie are not made of money to help another's dream vision. Just look at your previous discussion this week on keep the property taxes low. The current terminal cost around 12 million or more to build in 1992, not even 30 years ago and you want to spend more on it to make it a farmer's market. What is going to happen to all the people that use the buses now. They are not going to just disappear or go the new Allandale Terminal to catch a bus. There will be still the same amount of people there at the present location. Allandale will only have the people that come from the south end of Barrie. I know you have said that you going to build shelters for the people at the present terminal (heated in the winter) to wait for the transfer of buses. Has any one tried to price out the cost of heat over the winter (another needless expense to add into the budget. You need to consider the future and it is not in Allandale. Downtown Barrie will always be the downtown. Thank you for listening.	11/9/2021 8:47 PM
73	My friends and I find the Farmers Market more expensive than our other retail choices. We don't go often for that reason.	11/9/2021 6:56 PM
74	If you have a safe injunction site near this, I won't attend. If you don't add more police to keep us seniors safer, than I won't attend either. I have been sworn at, harassed for money too often to go downtown	11/9/2021 5:46 PM
75	I live downtown because I need the bus st 5:20 am to be at work for 5:45. If there was a market there how would this affect the bus service at this time of day from the terminal-- will there still be service from the terminal??	11/9/2021 1:56 PM
76	I suggest a second parking garage downtown. There is not nearly enough parking, especially since taking out the semi-circle that's now maridian place and taking parking away for patios. Parking is a huge issue downtown and I mostly avoid downtown because of it. Parking also needs to be affordable. If I have to pay \$5 to park my car to go to a business I will simply go to another business. The 25¢/15mins is the most I'll pay without going somewhere else if possible.	11/9/2021 11:59 AM
77	I would like more information on how this will effect the buses and the connections that are now at the terminal I don't own a vehicle and I am 65 so to long of walk would make getting around harder! Maybe you could put something about that on the news or newspaper for us older generation Thank you ☺ I so hope this goes through have been waiting and looking forward to the market for a few years!	11/9/2021 11:45 AM
78	As a new small business who teaches crafts and sells handcrafted item, it would be AWESOME to have a place in Barrie that allowed new businesses on small budgets, to promote/sell their services to get started. So short term, introductory booths that allows us to get some exposure and build a clientele until we can afford to open a brick & mortar storefront, would be awesome. Especially if there was teaching space for reasonable cost...a pay as you go system.	11/9/2021 11:22 AM
79	I'm so thrilled that we will be adding a lovely permanent market to our already incredible city.	11/9/2021 10:23 AM

Proposed Bayside Market District Survey

I'll will be first in line when it opens. Another feather in Barrie's cap. Can't wait!

80	Why not just do this at the old Bradford greenhouse centre???? There's actual parking and a building already. You're just wasting resources and spending more tax dollars that should be used elsewhere. Stop making out city into a concrete jungle. It's disgusting. Stop promoting recycling if you're not going to recycle the buildings and resources you already have and even if you do, it doesn't need to be yet another housing development. This entire city has gone to a complete disaster and you guys just want to mask it by building things over top of the problems. How about you guys look at the solutions for the problems we already have and how about you guys stop masking the problems by building more developments. It really doesn't take a rocket scientist to notice all of the problems within the city, our city council being apart of that. You're all money hungry and greedy, you killed our city and you're making it worse because your deep pockets can never be filled enough. Recycle the old building structures into this "market" (that hardly anybody will even go to May I add especially if it's at the BUS STATION) there is literally nothing tackier than that idea, also? Do you see the amount of issues that happen at the bus station? You want to bring that to a farmers market? Get real. You're going to have more problems than anything. Recycle the garden Center into the market? I'd be more willing to go to that and so would many others. Especially because of the parking. Stop. Ruining. The. City.	11/9/2021 10:15 AM
81	Looking at the proposed architectectual plan, the tiered angle of the smaller roofs adjacent to windows is a concern with Barrie's winter snow loads	11/9/2021 9:00 AM
82	In addition to a full time farmers market, downtown barrie desperately needs a grocery store.	11/9/2021 8:44 AM
83	Very important that this market is geared towards local artisans and not big brands that have already established a name for themselves.	11/9/2021 8:12 AM
84	Really hope this happens because that bus terminal right now is awful and is such an eye sore.	11/9/2021 8:10 AM
85	Love the idea of the permanent market and would be interested in vendor opportunities for my 3 business.	11/9/2021 7:44 AM
86	I wish you luck. Will there be consideration for the less fortunate population that currently hangs out at the Barrie terminal? Will they be given alternative accommodation? It will take a lot to change local perception of the "creepy" bus terminal to a successful market.	11/9/2021 7:28 AM
87	Parking is very expensive weekdays downtown limiting much of the potential market custom to weekends only (all stores and restaurants in the downtown). If this market is to be open all week, it seems the proposal would be largely dependent on customers within walking distance. I ride my bike (weather permitting) but few places to secure your bicycle also impedes short stops to eat or shop.	11/9/2021 7:25 AM
88	I live downtown without convenient daily food shopping facility. The establishment of this market or a grocery store will complete the viability of citizens choosing to live downtown without having to drive a car to get food supplies daily or weekly.	11/9/2021 6:54 AM
89	Please make this happen!!!	11/9/2021 4:16 AM
90	Looking forward to having a place for seniors to go and hang out downtown.	11/9/2021 2:47 AM
91	Free parking would be fabulous. The cost to do anything in the city of Barrie is getting so expensive. Parking is astronomical within the city.	11/9/2021 2:12 AM
92	If you put it in the bus terminal, the parking will be terrible and it will be overrun with drug addicts which will keep me and others willing to spend plenty of money away.	11/8/2021 10:30 PM
93	This is a great idea that could help revitalize our downtown. Much needed shopping, grocery, local foods and artisans to showcase their goods. Please bring this to life in our downtown Barrie, it would help make it a destination.	11/8/2021 10:25 PM
94	Permanent market is an excellent idea for downtown Barrie	11/8/2021 10:24 PM
95	A permanent market would be such an improvement to downtown Food producers and artisans would show their wares and customers would support them	11/8/2021 10:02 PM
96	The current farmers market isn't good for parents with kids in weekend sports. Another option would be great.	11/8/2021 9:22 PM

Proposed Bayside Market District Survey

97	Please don't make this a place for kids to play. There are parks for that. Kids can come here to enjoy being part of the community. To understand local products and businesses.	11/8/2021 9:21 PM
98	Hope to see you there soon!	11/8/2021 8:56 PM
99	I am digital influencer that talking about Barrie and I loved this new project for the city!	11/8/2021 8:34 PM
100	I go to the farmers market to buy local/fresh food. If I need to park blocks away I will stop going and just get items from a grocery store. This site seems to be missing parking close enough for people carrying groceries. Think about a grocery store parking lot when deciding how far parking should be.	11/8/2021 8:33 PM
101	Free parking for market customers	11/8/2021 8:15 PM
102	Fantastic idea.	11/8/2021 8:01 PM
103	I would be there every day on my bus routes	11/8/2021 7:58 PM
104	Strength your public transportation, it is very important for me as an international student who does not have a car	11/8/2021 7:49 PM
105	This could be a great facility to bring people to Barrie.	11/8/2021 7:48 PM
106	Please make sure that people will be safe	11/8/2021 7:43 PM
107	Definitely need a spot for local entertainers to have a hook up for sound or whatever to entertain people while they shop or just hang out to watch .	11/8/2021 7:17 PM
108	It is difficult to answer the questions without knowing any preliminary concepts of what is planned to be in the space. While it would make the downtown more appealing in would not prompt me to live downtown, unless occurrences of rowdiness and ignorant behaviors are minimized.	11/8/2021 7:10 PM
109	Knowing that this market could become a central hub, creating shuttles from main city areas of Barrie to this market would be advantageous, especially if some of the benefits of this market would be creating a central community and arts space year round-access to everyone should be prioritized. I will add that parking seems to be a huge concern for that specific block of downtown so maybe planning in an underground garage below this facility especially if the is utilized for larger events and performances. Also a Christmas market pop up would be amazing!	11/8/2021 6:25 PM
110	Please do the development Barry needs it	11/8/2021 6:16 PM
111	Great idea to include community for input. Thank you for putting this out there for us. :)	11/8/2021 6:16 PM
112	It would make more sense to located this market in the south end where people live (particularly the demographic that would support the market most stronly) rather than in the downtown which is getting so sketchy.	11/8/2021 6:13 PM
113	Barrie messes up so many planning ideas. Please don't let this opportunity turn in a circus like everything else. Councillor Alwyn will certainly try to turn it into a circus	11/8/2021 6:12 PM
114	I look forward to visiting!	11/8/2021 6:11 PM
115	The city needs to crack down on "farmers" who lie about where they source their produce, or who sneak poor quality, blemished, rotten or under ripe produce underneath a layer of fresh and sell it for double what we pay in grocery stores.	11/8/2021 6:11 PM
116	Our weekends are jam packed with kids activities and cottage visits. If there was a market available during the week, we would definitely attend. We love local food and crafts. Great idea! Keep up the momentum!	11/8/2021 5:36 PM
117	Love this idea, can't wait to see what become of it	11/8/2021 5:27 PM
118	Please make this happen! An indoor in the winter and indoor outdoor in the better months.	11/8/2021 5:25 PM
119	Please make it happen- our downtown needs this and a permanent market is such a great destination for locals and visitors	11/8/2021 5:03 PM
120	Really need groceries, bakery, fresh fruit and veg nothing is convenient living downtown have to go elsewhere	11/8/2021 4:54 PM

121	I think everyday is overkill but 3-5 times a week would be excellent or full time during holiday periods.	11/8/2021 4:34 PM
122	We would like to retire in Barrie but move inwards towards the waterfront and downtown. Having a market place as a regular destination would influence our decision to stay in Barrie. We are looking at Orillia, Innisfil (Orbit) and Collingwood as possible retirement in 15 yrs.	11/8/2021 3:55 PM
123	Should Include "west barrie" in list of areas if you include east. Would love a permanent market!!!	11/8/2021 3:36 PM
124	I moved to Barrie almost 5 years ago. They said this was going to happen then...will it ever happen?	11/8/2021 3:05 PM
125	I feel that there is a massive problem in downtown Barrie with the homeless and unless that is fixed foot traffic customers will stay away as many are uncomfortable walking around that area. I love the idea of a market as I used to frequent the St. Lawrence market but wouldn't feel comfortable going to one in downtown Barrie on my own.	11/8/2021 1:29 PM
126	We really need a grocery store downtown. Having a market that would offer much variety could work.	11/8/2021 1:21 PM
127	Would love to have a permanent market!	11/8/2021 1:08 PM
128	Bring in local Simcoe farmers. I don't want to feel rushed or not welcome after my shopping is done and just want to sit and enjoy the post market shop with my family.	11/8/2021 12:56 PM
129	To provide a positive experience, sufficient security will need to be in place given the current demographic that occupy the downtown area.	11/8/2021 12:34 PM
130	time to draw the people who do not go downtown just for the bars... and a safe place away from drug addicts that beg you for money .	11/8/2021 12:27 PM
131	Great idea, good luck!	11/8/2021 12:16 PM
132	Hopefully they will also clean up downtown from the drug addicts and homeless people. It isn't pleasant going downtown.	11/8/2021 12:13 PM
133	I'm interested in being a vendor	11/8/2021 11:25 AM
134	I would visit the downtown area more often with this. Love supporting local farms and local artisans.	11/8/2021 11:04 AM
135	If the market happens, Barrie should truly consider the extra congestion all the people will bring to the small streets of dunlop. It's already a nightmare	11/8/2021 11:02 AM
136	Glad to see more on this, too bad it's taking so long since I first heard about it.	11/8/2021 11:01 AM
137	Having access to the market outside of weekend mornings would be ideal for busy families.	11/8/2021 10:49 AM
138	Parking spot are important and seating area too i think	11/8/2021 10:20 AM
139	Thank you for doing this!	11/8/2021 10:09 AM
140	I hope this development progresses smoothly and quickly for Barrie. It's a wonderful addition to Downtown.	11/8/2021 9:51 AM
141	This is a great idea, I would venture downtown more often and visit the market more often if there were a permanent space for them	11/8/2021 9:50 AM
142	Only local people and organisations should be present and preference should be given to those that support other local organizations in a local-to-local system.	11/8/2021 9:49 AM
143	No beer garden. That area of the city already attracts unsavoury types of people. Having rowdy people drunk in a beer garden is not the aesthetic that would attract people in my opinion.	11/8/2021 9:45 AM
144	I think the city should clean up the downtown and make it more safer for people that want to go downtown. With the amount of tax that citizens have to pay for not feeling safe because of the homeless population. Council needs to focus on that before focusing on a market.	11/8/2021 9:44 AM
145	It's a good idea!	11/8/2021 9:40 AM
146	Move the methadone clinics and homeless shelters away from downtown to discourage public	11/8/2021 9:35 AM

	vagrancy and drug use in the downtown core	
147	Wish this existed when I lived at 15 Maple. If those condos get built on Dunlop, this market will have a lot of local potential.	11/7/2021 5:17 PM
148	Please please please open the market. I know it would be a success.	11/7/2021 10:53 AM
149	Good Luck.	11/7/2021 10:33 AM
150	Accessible public washrooms, Outdoor picnic tables	11/7/2021 9:16 AM
151	No problem	11/6/2021 10:08 PM
152	Please keep up the great work making our downtown a great place to be!	11/6/2021 6:57 PM
153	I'm interested in being a vendor	11/6/2021 4:39 PM
154	I think Barrie needs more shops, not just restaurants and bars,	11/6/2021 1:08 PM
155	You didn't include central Barrie as a location choice - I had to choose south west but I'm very close to the waterfront on the other side (Allendale) meaning downtown is walkable for us In this neighborhood if it's nice weather but we never go because of how sketchy it's become in the last 5 years.	11/6/2021 10:45 AM
156	This is a great idea!	11/5/2021 11:38 PM
157	The question about how many times I'd frequent a permanent market jumped from "a few times a month" to "a few times a year" I think monthly should have been an option (it was for the question regarding the current farmers' market) and if so I would have submitted that as my response	11/5/2021 8:35 PM
158	Barrie's downtown needs to be a complete neighborhood where people don't have to drive to get their daily necessities	11/5/2021 7:05 PM
159	This can be great provided it's curated sufficiently to support local area producers. We don't need another flea market or over priced mall. It must allow people to support quality local products and produce. Mingle, eat and want to linger and explore our diverse offerings each week or daily!	11/5/2021 6:05 PM
160	Hi I think there should be a market at the Allandale train station. It is a beautiful building and a weekend market would be a good function there It would highlight the whole of our bay kit just an area st the old bus station. Why can both markets not exist in harmony We are a big city now and even more growth is planned on the Allandale side of the of the bay. Let's not put all of the market downtown. Allandale train station is central and is part of the downtown growth centre.	11/5/2021 5:50 PM
161	A good farmers market makes for a central place for people to come together and enjoy local crafts and produce making for an engaged population.	11/5/2021 5:26 PM
162	I make hand crafted T-shirts, I am very interested in being a full time Vendor at the Permanent Market.	11/5/2021 5:16 PM
163	With the city struggling financial this is a big waste of taxpayers money to please Mayor Lehman and his leftist agenda to tax and spend on all his pet projects with no concern for the average taxpayer	11/5/2021 4:59 PM
164	If this happens, consider promoting through social media. Young adults learn about cool new places through Facebook, Instagram (reels) and TikTok and are always looking for cool places to hangout. Could attract a lot of out of towners if marketed correctly as it is likely to be less busy than downtown Toronto, etc.	11/5/2021 3:40 PM
165	I don't think a farmer's market is a good idea or fit for this building or location. As well; it makes no sense relocating the main bus terminal out of the downtown core.	11/5/2021 3:22 PM
166	This needs to be a show place so it attracts people downtown	11/5/2021 3:14 PM
167	The city should not be involved in any business venture. Stick to your lane.	11/5/2021 2:22 PM
168	Along with the market need to look at permanently closing portion of Dunlop from Bayfield to Mulcaster.	11/5/2021 2:04 PM
169	Consider all income levels when making your considerations. Do not use this as a tool for	11/5/2021 1:09 PM

further gentrifying the downtown core. Diversity is important to a healthy cultural balance.

170	Please keep reaching out to the public for input! It will help generate excitement from a broader resident base. Very exciting vision. However, I do hope the term 'precinct' has an extremely short shelf life in task force name alone. How tone deaf!	11/5/2021 11:42 AM
171	Have it ready by early spring 2022.	11/5/2021 10:43 AM
172	Please make this happen sooner rather than later. This has been a lot of "talk" for years.	11/5/2021 7:21 AM
173	This is a BAD idea. Leave the transit terminal where it belongs, downtown.	11/5/2021 1:24 AM
174	I hope that if this happens that all walks of life are considered my husband and I are both in wheelchairs and drive our own wheelchair accessible van and so full access and appropriate parking and wheelchair access washrooms and full access are important to us	11/4/2021 10:52 PM
175	So excited that Downtown is being cleaned up	11/4/2021 8:33 PM
176	A great idea!	11/4/2021 6:34 PM
177	Absolutely love the idea of a permanent indoor market. I can hardly wait!	11/4/2021 3:38 PM
178	I love the idea. Check out markets outside of Canada for inspiration, do not know of any except maybe North Vancouver that are even remotely as socially friendly in Canada as those outside	11/4/2021 10:53 AM
179	We need more diverse vendors! And less from Niagara region.	11/4/2021 10:09 AM
180	Love this idea for a permanent market and can't wait. Please find spots for the local artisans to display their wares even if it is on a rotating basis.	11/4/2021 9:16 AM
181	I think that having a permanent market in downtown Barrie would be an excellent idea. It would be great for locals and tourists alike!	11/4/2021 8:15 AM
182	I vote yes for a downtown permanent inside market!! At least to be open a couple days a week or in the weekends, great idea!! And as a musician myself; including live music opportunities!! Thank you for this survey, should send out more surveys for decision making process, thanks!	11/4/2021 7:51 AM
183	I am so excited about this proposal! The market is already awesome and this would attract more vendors.	11/4/2021 6:59 AM
184	With growth in the downtown, it is imperative that basic staples be made available as there is no large grocery chain nearby. A variety of food stalls is a must.	11/4/2021 6:33 AM
185	good luck I look forward to seeing it in action	11/4/2021 5:01 AM
186	Hurry up! Can't wait for this to finally happen.	11/3/2021 11:19 PM
187	Currently I avoid the area due to homeless people, people asking for money, people doing drugs etc. I just dont feel safe near the bus station unfortunately.	11/3/2021 8:32 PM
188	The closing of Dunlop on weekends during the Summer to open up the space was a wonderful idea. Would love to see more opened up walking spaces (not driving) in the downtown core area of Barrie. More areas for people to walk with restricted or closed off traffic is ideal. Beer gardens and large open market spaces would be awesome year round for so many different events and community gatherings. Absolutely loved this proposal and the growth of this area	11/3/2021 7:27 PM
189	I think it's a great idea. I love the st jacobs market. I also love the barrie farmers market but it could use for vendors	11/3/2021 7:15 PM
190	Winter markets with things like hot chocolate, a fireplace, and other activities would be beneficial to break up the winter blues.	11/3/2021 7:02 PM
191	The other thing Barrie desperately needs are more/better grocery stores. Many of us would love to see a Longo's especially in the south end. The existing Zehrs store never seems to have the best selection or common items are sold out. Whole Foods is a second option.	11/3/2021 2:41 PM
192	Now is not the time to spend money on this. Reign it in. The spending approved by this term of Council is disgraceful.	11/3/2021 1:57 PM
193	Would also like to see the Barrie Police depot stay in the facility to provide a further sense of participant safety. Would live it if this market could be developed at that location. And hoping	11/3/2021 1:51 PM

that COB soon develops a cultural center similar to Midland's. I did this survey as well. Good work COB for soliciting resident ideas! Thank you.

194	The current market and the people running it seemed very not inclusive. Seemed ego driven and difficult to deal with in order to be a vendor. My experience with this was a couple of years ago and I dont know if it has changed much at all. In all I think this is a great idea for the downtown core and thought that this was going to be completed by now.	11/3/2021 1:31 PM
195	Best idea ever !	11/3/2021 1:27 PM
196	I'm really looking forward to this !	11/3/2021 1:10 PM
197	I love our Barrie farmers market and would love to see an expanded version of it it a larger venue	11/3/2021 12:18 PM
198	I've been waiting for something like this here for a long time!	11/3/2021 12:03 PM
199	I'll be going if and when the bus service improves	11/3/2021 11:18 AM
200	I'm excited to see this is a City priority and am eager to see the final plan.	11/3/2021 10:48 AM
201	we need a.Full grocery store not a part time tourist attraction funded by tax payers	11/3/2021 9:58 AM
202	Idea location for tourism information display. Although people have smart phones they may be just visiting the market on the way to/from the cottage or just day tripping to a beach. Great opportunity to celebrate Barrie and all it has to offer during all 4 seasons. Promote it or use photos and/or art to highlight the features of Barrie to keep tourists coming back. List hotels, restaurants, pubs, sports events, maps, brochures about Barrie's attractions, etc. I still visit the St. Lawrence market in Toronto, when I visit Toronto. It is a gem.	11/2/2021 9:15 PM
203	I love this idea!!!! Would love to visit the market and become a part-time vendor! I sell watercolour art. @tiffsartcollection www.tiffsartcollection.com	11/2/2021 2:28 PM
204	I believe the market that is proposed, would be a well-used addition to the downtown and a add distinctive atmosphere of community engagement through all the ways people can interact within the space.	11/1/2021 11:03 PM
205	Thank you!	11/1/2021 9:38 PM
206	A covered area is important. Specialty shops for cheese or wines would be lovely Keep it more upscale	11/1/2021 8:20 PM
207	How about offering specific instructional demonstration, how X is made, ie: turn a bowl, how to apply epoxy to various materials, build model railroad objects (hills, tressels, bridges etc, +++	11/1/2021 7:29 PM
208	Being legally blind(very low vision) accessibility and smooth, graduated walking surfaces and large clear signage is important to me. Cross walk improvements for legally blind persons in the area is desirable.	11/1/2021 7:26 PM
209	Hopefully a permanent market instead of the transit terminal would help with the homeless hanging around. We do not go that area or indeed that area if the waterfront in the evening because it currently feels unsafe and I'd very off putting, especially to take our out of town guests to.	11/1/2021 7:11 PM
210	Increase public transit frequency for the market	11/1/2021 6:26 PM
211	Thank you for taking Resident voices in consideration.	11/1/2021 5:26 PM
212	Really hope that this concept lives up to the hype. The conceptual drawing looks good, but I wonder about what appears to be a glass roof on the extension, and so much on the exterior walls. As the climate warms up, this will be extremely hot for the patrons, unbearable for the booth workers and detrimental to their food products. Suggest if you keep all the glass, to provide "black-out" motorized shades to retract or close as needed. Perhaps the roof isn't glass, but solar panels - if so, fantastic! I hope I am still able to walk there when it opens! Or at least take an Uber!	11/1/2021 5:14 PM
213	Make sure there is plenty of parking.	11/1/2021 4:35 PM
214	Great idea to have a permanent market	11/1/2021 4:04 PM
215	This is a fabulous idea which will enhance the business activity of market vendors. I'm very	11/1/2021 3:46 PM

	excited about it.	
216	We are in desperate need of a downtown market/grocery store. The closest ones are either at the east end or north/west of Hwy 400. If you are looking at attracting people to live downtown you need to have the services in the neighbourhood for the residences.	11/1/2021 3:17 PM
217	Having a permanent market would be a great addition to downtown as well as attract more people to visit regularly, excellent idea!	11/1/2021 3:05 PM
218	Why is this taking so long? Downtown Barrie needs a market. It was one of the reasons I moved to the area, and then sobeys didn't happen	11/1/2021 2:59 PM
219	I feel a permanent market is a great idea in downtown Barrie. I do wish it was east end of downtown, yet, I know there is not the space there. I would highly recommend that the current Saturday Barrie Farmers' Market remain where it is, at Barrie City Hall, it is a much more centralized location of downtown Barrie. Having said that, if the vendors prefer to be at the location of the permanent market than that would be better for the vendors.	11/1/2021 2:49 PM
220	I think it's important to ensure we include our artists. They don't sell high volumes, so special rental rates need to be considered. They are, after all, the first to be requested to offer items for fundraisers.	11/1/2021 2:48 PM
221	Look forward to seeing this come to fruition.	11/1/2021 2:40 PM
222	this has been a long time coming. I am excited.	11/1/2021 2:29 PM
223	This is such a great idea for the market. Please finally make our market an experience worth going to every week.	10/31/2021 7:51 PM
224	I think this is super important for the community to expand in Barrie and for locals to connect and make a difference regarding the types of businesses, also support farmers and local artists, local tea/coffee makers and non-commercial products that are eco-friendly and Canadian products to relish a firm standard around Downtown Barrie and actually push forward a plan for Canadians to become familiar with greenhouses markets ETC even recycling in the community	10/31/2021 6:26 PM
225	This would be an amazing opportunity for small businesses, farmers, and local artisans to have a shop space. Please consider making the lease fees affordable for smaller businesses. Maybe offering lower fees for those who have small businesses and/or artisan makers.	10/31/2021 11:15 AM
226	I'm a senior, semi retired, my wife hopes to retire in a year's time and a local market as you describe sounds great. We have been going to the St. Jacob's market and it's a great day spent. Hopefully Barrie's will provide the same.	10/30/2021 12:02 PM
227	Looking forward to seeing this come to life! I'm glad the city is considering this!	10/30/2021 11:32 AM
228	Just do it already.	10/30/2021 10:13 AM
229	Good luck.	10/30/2021 8:04 AM
230	I absolutely love the market and hope it grows overtime.	10/30/2021 7:29 AM
231	Thank you for taking our surveys into consideration.	10/29/2021 10:33 PM
232	I, along with others have been waiting a long time for this. I sure hope it happens. The city & the people who shop there need this.	10/29/2021 10:27 AM
233	More environmental education	10/29/2021 10:22 AM
234	A permanent market should complement the weekend Farmer's Market...where would any hamlet, town or city be without a 'fresh' truly 'home grown' market!	10/29/2021 9:45 AM
235	Thank you for considering to have a permanent farmers market in Barrie, Ontario.	10/29/2021 9:39 AM
236	Please do not build this market catering to the automobile. It will be in the perfect location to get to by walking or by transit. Do not worry about parking spaces for cars. Given its location, people might even come up from Toronto by GO train! Thanks Bob Lemieux	10/29/2021 8:26 AM
237	We love the downtown farmers market! Thank you for making it permanent!!	10/29/2021 7:17 AM
238	I love to buy fresh local food whenever possible	10/28/2021 11:36 PM

Proposed Bayside Market District Survey

239	This is a wonderful idea for the city.	10/28/2021 9:40 PM
240	Love supporting local farmers and businesses!	10/28/2021 8:25 PM
241	Hoping the market could also have affordable studio spaces / workshop for artists .. hoping the space could be flexible so to accommodate some innovative art programming	10/28/2021 7:32 PM
242	Think St. Lawrence Market combined with Kensington Market area. It would be wonderful to be able to regularly shop in a year round Market like that in Barrie as long as it doesn't just end up being high end items that the average middle class family can't afford.	10/28/2021 7:22 PM
243	This is a very important Barrie development. Please do it right, please do respectfully. This is something I am happy to be part of in Barrie. I love my Barrie Farmer's Market, always have. Today more than ever we need it. Embrace good minds, and good leadership. Barrie is a great town, I believe you can all (with Barrie's people) make it great. I am excited to give you my thoughts regularly... and I will, lol. Exciting times. Please keep me in the loop, and I will support where I can. FYI- I wasn't kidding when I said parking has to be reserved for farmers and freezers. Food trucks can move, vendor tables cannot. Barrie has parking concerns already. Push for Barrie to attend (foot,bus,bike), then Muskoka, then the bigger Metro. Hope everyone is well at the City;) Jamie Ellis.	10/28/2021 6:39 PM
244	Please offer more organic fruits & vegetables at the market and consider giving subsidies for local farmers. We need to build not just a market but a community.	10/28/2021 5:38 PM
245	I also think acknowledging the indigenous land we are all living on is an important step that we as a community can take toward reconciliation.	10/28/2021 5:32 PM
246	The proposed site is excellent	10/28/2021 4:01 PM
247	Thank you for proposing such an amazing upgrade to the Barrie Farmers Market! I may be a vendor in the future and I can't wait for this exciting idea to expand!	10/28/2021 1:40 PM
248	The market needs to have the outdoor feel for when the weather permits. Maybe roll up doors and must have clear roof to let the sun/dalite in.	10/28/2021 1:28 PM
249	I think a permanent farmers market is a great idea. The current rendering looks great. Open, airy, lots of windows. Unfortunately the amount of crime at the downtown core could be a big distraction.	10/28/2021 12:37 PM
250	keeping the market to 1-3 days a week also makes it "special"	10/28/2021 12:25 PM
251	I believe Barrie is big enough now to handle a market that runs more than one day a week. Five or seven days maybe too much to start.	10/28/2021 10:58 AM
252	Downtown Barrie doesn't feel safe anymore even in the day time. I used to be able to walk downtown during the day time and feel safe, not any longer. Hopefully there will be security.	10/28/2021 10:03 AM
253	I think this would make a great attraction for people from out of town. Every town I go to, I'm excited to find something like this (London, Montreal, Ottawa).	10/28/2021 9:13 AM
254	I would love to see dog friendly areas, perhaps a patio with picknick tables where you could bring a meal you just purchased and sit and eat with your dog.	10/28/2021 7:37 AM
255	Love this idea, parking is important for the elderly or persons with physical disabilities however please try to accomodate cyclists, and public transit.	10/28/2021 7:29 AM
256	The forks in Winnipeg is a good example of what would be good in Barrie.	10/28/2021 6:17 AM
257	I'm excited to see the new iteration of the Barrie farmers market... seems like you'll be doing longer hours which I likev	10/28/2021 1:23 AM
258	This is very exciting! We would definitely be able to visit the market more if there were hours open during the weekdays! Having a green space to hang out would be really important in creating a community feel. Also having pedestrian/biking only would be amazing. Thank you for opening this space for feedback from our community!	10/27/2021 10:39 PM
259	Looking forward to shopping here!	10/27/2021 10:38 PM
260	So excited for this opportunity!!!	10/27/2021 9:47 PM
261	Our city needs this!!	10/27/2021 9:23 PM

Proposed Bayside Market District Survey

262	The homeless issue downtown has to be addressed first in order for the market to be successful and a place where people feel safe. Also, be cognizant of other businesses and offer them the opportunity to have a satellite store in the market.	10/27/2021 9:07 PM
263	Work with the old bus station building property to get started without any addition. Even if the scope is limited. Execute rapidly and build on success from there. Tell the consultants that's what they have to work with. The last thing we need right now is pretty renderings for election purposes.	10/27/2021 8:01 PM
264	More people would go if there were more days available	10/27/2021 7:59 PM
265	I love this idea so much and am very excited to see how it turns out!!	10/27/2021 7:52 PM
266	If this happens I would love to be a vendor there. My email is Shellaylynn-9962@hotmail.com	10/27/2021 5:03 PM
267	variety is key. Make the vendor tables affordable and bring in more people.	10/27/2021 4:25 PM
268	This is so exciting!	10/27/2021 1:51 PM
269	This is very exciting! Just what Barrie needs for community building in the downtown area. I would spend more money at the market to shop local	10/27/2021 12:50 PM
270	Barrie needs to start giving back to the people who live here. Cost of living here is increasing, but we aren't giving the people who live here any additional services for those costs - additional things like this and recreational services and kids centres are needed to justify the increased costs of living in Barrie	10/27/2021 12:10 PM
271	Vagrancy needs to be dealt with first. No one wants to go downtown to be aggressively panhandled or creeped out by addicts or shady characters.	10/27/2021 10:59 AM
272	If this is built, it has to be a destination spot for tourists and residents. It needs a good police presence and good tenants that will be there 7 days a week 10 till 8ish.	10/27/2021 10:25 AM
273	Love this idea to support the rich small business community in Barrie and create more space to connect as a community.	10/27/2021 10:10 AM
274	It would really suck trying to get a bus pass as someone who lives downtown currently, due to the distance of the Allendale station. That station is completely isolated from anything and everything useful beyond the rail line and that is a major problem. More amenities near the Allendale station is a serious concern. In regards to the bus system, I think adopting something Ottawa does, allowing people to buy bus passes at multiple locations, could be an incredible initiative. Have a vendor at the new market offer bus passes.	10/27/2021 9:55 AM
275	Public safety. I rarely go downtown because of the homeless. It's disturbing as drug use is done in the open. As well, they are constantly begging for money. Not a fun experience.	10/27/2021 8:45 AM
276	Would 100% come! Needs lots of parking tho! Parking downtown Barrie for anything wasn't easy when I lived there for school! Even went to school at the downtown Barrie Georgian campus!	10/27/2021 8:37 AM
277	I hope you make this happen..I want downtown Barrie to be upgraded because there is so much potential. It would be nice to have a tourist attraction similar to distillery district	10/27/2021 8:30 AM
278	As a previous vendor I think a larger market with more days would be better. But make sure there is enough supply of primary producer vendors. Not many farmer vendors have the supply of product for a daily market. Plus they would need to move a certain volume of product to afford to be there daily. Need to hire someone to staff the booth because they can not be at the market daily and produce the product too. Or you will need more farmer vendors to supply the product. Also need enough customers to purchase the volume needed to make it worth the vendors being there daily.	10/27/2021 8:09 AM
279	I would love to see the equivalent to the St Lawrence market in Barrie.	10/27/2021 6:37 AM
280	I look forward to a permanent location with better hours. I very rarely can make the market now because it is only open Saturday.	10/27/2021 5:08 AM
281	It's a great place to run into and catch up with friends you knew earlier in your life. It's also nice to be able to support the local farmers, craftsmen and merchants who set up for the day.	10/27/2021 12:04 AM
282	Accessible hours for people that don't have weekends off. I would absolutely love to not have to book a day off to visit	10/26/2021 11:32 PM

Proposed Bayside Market District Survey

283	If the market is located at the current bus terminal it will be overrun with drug addicts. This is not the location for a permanent market. The old abandoned train station near the farmhouse restaurant would be ideal	10/26/2021 11:16 PM
284	I would be interested in a full time market for sure. But at the moment I am desperately trying to get out of Barrie because of the garbage. Crime and high housing prices.	10/26/2021 10:57 PM
285	I hope this can happen it sounds really cool!	10/26/2021 10:46 PM
286	I think this is an amazing and beautiful idea! It needs to happen.	10/26/2021 10:17 PM
287	Very happy to be part of a committee if one is made available. Very exciting opportunity for Barrie!	10/26/2021 10:05 PM
288	Keep it rustic like St Lawrence, Distillery District and the Saint John NB markets. The proposed modern glass design doesn't suit the current building.	10/26/2021 10:00 PM
289	More indigenous artists	10/26/2021 9:58 PM
290	We live in Allandale - not sure if that is considered downtown Barrie! Very exciting for some changes coming to the downtown core though!!!	10/26/2021 9:28 PM
291	Also the market on College St. Toronto inside the old Maple Leaf Gardens Site is a wonderful example of a market for people in Barrie 😊	10/26/2021 8:57 PM
292	the market has really lacked innovative ideas and vendors. bring back more artisans	10/26/2021 8:46 PM
293	If Barrie aims to do this, we need to knock it outta the park. Large enough that it can accommodate so many, but not too large as to remove intimacy between spaces. Would be cool to see a sky walk years down connecting condos, restaurants, etc.	10/26/2021 8:43 PM
294	This is a fantastic idea! I go to the market weekly to try and purchase all my needs locally. I would love a permanent location. The only days I miss, is when I'm out of town for the weekend so I attend other local markets during the week.	10/26/2021 8:41 PM
295	Cannot wait for this project to start	10/26/2021 8:08 PM
296	This would be very welcomed in the downtown area. Especially where the bus station is currently. Seeing that area continue in its regentrification would be great for Barrie.	10/26/2021 7:48 PM
297	This is very exciting.	10/26/2021 7:45 PM
298	we're vendors at the market	10/26/2021 7:42 PM
299	The market is great, keep it up!	10/26/2021 7:09 PM
300	LOVE the idea. Kensington market is amazing and I would love the idea that Barrie could do the same. Plant-based products are especially welcome!	10/26/2021 7:02 PM
301	I'm very excited for this project to get going I think it's a great must need added community field to our downtown and I can't wait for it to be up and running!	10/26/2021 6:57 PM
302	If architecturally possible, consider having a portion easily opened to outside with sliders or perhaps "garage" style doors when the weather is nice. Also, outdoor seating to enjoy coffee/drinks or to-go food items purchased on site would be nice in warm weather.	10/26/2021 6:55 PM
303	This would be a great addition!	10/26/2021 6:53 PM
304	This is a wonderful project that would further revive the downtown area. And also complement the waterfront area.	10/26/2021 6:52 PM
305	Love love love this!!	10/26/2021 6:40 PM
306	This is a GREAT IDEA Barrie needs a downtown revitalization that matches the growing area. Would add foot traffic	10/26/2021 6:38 PM
307	Ohhh this would be so good for the community! SUPPORT LOCAL! Make it happen!!!!	10/26/2021 6:35 PM
308	I love the St.Jacobs market and how accessible it is to students	10/26/2021 6:34 PM
309	Cannot wait for this to come to life.	10/26/2021 6:26 PM

Proposed Bayside Market District Survey

310	The vendors and team of BFM are so wonderful! I hope this project turns out for them.	10/26/2021 6:22 PM
311	Your biggest challenge will be to create an atmosphere that attracts people who will attend and spend regularly and not feel threatened by the presence of drug addicts, violence offenders, and those who create a negative atmosphere for families. Again, I think we all know the issue I am trying to describe above. Sorry for being Frank. Thank you	10/26/2021 6:09 PM
312	This is such a great idea and will absolutely help continue to improve downtown and will be a great attraction to bring more people to visit Barrie from surrounding areas and a great way to support local businesses	10/26/2021 5:50 PM
313	I am a shift worker and I have not attended Saturday market as the hours don't meet my needs, yet I love the concept. I would love to have the market open so that it serves my needs. I would love to buy local and support our community just like I support our community by working ICU and 24/7	10/26/2021 5:48 PM
314	I love the idea of a permanent market in downtown Barrie! I hope it will attract new businesses and restaurants to the city. Thank you for putting this survey together!	10/26/2021 5:48 PM
315	We have just moved to Barrie during the pandemic so I have been unable to visit the Market. Where we used to live was a lovely farmer's market - with only one problem. The cost of the fresh fruits and vegetables and baked goods was high - higher than in the local No Frills which also carried lovely local produce. If a market is to do well, prices must be comparable to grocery store on similar food supplies.	10/26/2021 5:47 PM
316	I think a permanent market would be a great addition to the Barrie Waterfront.	10/26/2021 5:28 PM
317	This would be a major asset to the community and will be used. A great proposal for this city!	10/26/2021 5:28 PM
318	Thank you for working so hard to make this happen! I love living in this city and appreciate the effort that goes into making it even better.	10/26/2021 5:19 PM
319	This is a great initiative. A thriving downtown prevents our city from becoming a big corporate cookie cutter city like so many in Ontario have become.	10/26/2021 5:18 PM
320	we love the market. There are some great vendors, that offer affordable food. That's one of the huge reasons I go there every week. I can get a delicious meal, for literally a quarter of the price it would cost me to go out to a restaurant.	10/26/2021 5:09 PM
321	Thank you! This is exciting for Barrie! Try to keep traditional architecture. Makes it more authentic and unique.	10/26/2021 4:40 PM
322	I really really love this idea and can't wait to hear more!!!	10/26/2021 4:38 PM
323	Barrie farmers market is by far my favourite!!	10/26/2021 4:27 PM
324	I am so excited that this is a possibility for Barrie. We need more community strength downtown and local support	10/26/2021 4:14 PM
325	Barrie has done a great job in encouraging people to shop downtown, I enjoy going to the Barrie farmers market on Saturday or Sunday mornings then walking down to Dunlop. I think a market with dining and or a beer garden would draw more people out for late afternoon and evening shopping/drinking/dining.	10/26/2021 4:14 PM
326	This is a fantastic idea and a great use of the soon to be vacant space. Bravo!	10/26/2021 4:04 PM
327	The location worries me as often I would not feel safe in this area on my own. Work needs to be done on the surrounding areas.	10/26/2021 3:41 PM
328	So excited for the prospect of a permanent market! Keep up the great work!	10/26/2021 3:40 PM
329	I think it's a great idea, the market is one of my favourite parts of Barrie	10/26/2021 3:40 PM
330	Having access to 30-50amp electric outlets for food trucks/trailers would be a huge bonus for reliable electrical consumption for the vendors so they wouldn't have to use generators.	10/26/2021 3:33 PM
331	This is such a good idea and a great way to support local when it fits my work schedule instead of just a half day a week and allows food in particular to be purchased and eaten while fresh	10/26/2021 3:30 PM
332	We definitely need a market that's available all the time. No grocery stores downtown Barrie	10/26/2021 3:27 PM

and tons of condos going up. There will be so many more people and having a market with fresh food is essential!

333	Any where but beside the dirty barrie bus station	10/26/2021 3:25 PM
334	At my last visit to the 400 Market it felt like a trashy flea market where every other booth was hawking cheap mobile phone cases and screen repair. Please don't make it like that!	10/26/2021 3:21 PM
335	Please this would be so amazing for Barrie and the community! Would love to see this Market move.	10/26/2021 3:09 PM
336	Sounds great.	10/26/2021 2:42 PM
337	The market needs to carve out a niche within the city. Something that you can't find anywhere else within the area. Most importantly it needs to be free of vagrancy and begging.	10/26/2021 1:08 PM
338	This would be a wonderful idea! I would support this a lot!	10/26/2021 12:42 PM
339	This survey is all over the map, is this going to be a "Farmer's Market", a "Distillery District", a "Craft or Art Gallery", is it a "Performing Arts Centre"? Further, I thought a consultant report received a few years ago by council indicated that a Farmer's Market is not sustainable, why does council continue to push forward this concept on the shoulders of the taxpayer, plus, council increased parking rates to deter or minimize those coming to the waterfront during summer months, now council wants to say this "Market District" will attract tourists, yet parking is already a premium at this location. You can report back to council that we do not support the taxpayer funding this concept, if it's so grand of an idea, allow a private company to operate it.	10/26/2021 7:27 AM
340	We need a grocery store / market downtown we can access daily.	10/26/2021 7:01 AM
341	The existing market has no suitable winter home. It would be nice to sit a while and enjoy people watching, coffee, meeting place to schmooz.	10/25/2021 5:01 PM
342	Barrie and downtown would certainly benefit having a Bayside Market. it would make it a destination place along side Ottawa, Halifax, Quebec City or Kitchener.	10/25/2021 4:09 PM
343	We don't need this!	10/25/2021 2:46 PM
344	I love this idea. I am from Ottawa and love the Byward Market. I don't go to the one currently in Barrie because I am rarely around on weekends.	10/25/2021 2:11 PM
345	Parking downtown Barrie is expensive, if you can find it at all, so, I can not see any free parking near it so I wont go, thin k more of the people in Barrie and less of your pockets	10/25/2021 11:52 AM
346	The money that would be used to create this market, could be used to provide better shelters and resources for the homeless people in Barrie. As well clean up downtown Barrie. Building this market is only masking the issues we already have downtown.	10/25/2021 11:33 AM
347	We use the farmers market a City hall on a regular basis, we are more apt to visit in the summer and fall when the produce is fresh. My concern of course is what happens to the prices when the local farmers have to rent out stalls or booths in a new facility. Will there be a cost increase to the consumer?	10/25/2021 10:31 AM
348	Prices are too high now,at city hall market, this place will be even more	10/25/2021 10:25 AM
349	Your gonna make a mess of the bus station and once again making it difficult for disabled people and not informing us of major changes. Not everyone has access to internet or phone. I like the idea of markets but not everyone can afford them and so I used to go weekly when I lived downtown but can't afford hardly now. You want local vendors. Prop up living wage, prop up social assistance. Let social services know ahead of time shit is changing. Because y'all claim its accessible when it's not just because the bus driver lowers the ramp doesn't mean that is the only accessible thing. Bus terminal screwed elderly and disabled people in 2019 let's not have the same issue again.	10/25/2021 10:01 AM
350	I hope that by the City looking at creating a marketplace in the downtown, they are simply not creating a publicly subsidized space for vendors to sell junk and trinkets. Will reasonable rent (on a cost recovery basis or higher) be charged? Also what will be done to ensure the space is safe? It is clear the downtown bus terminal and downtown core as a whole are generally felt to be unsafe by the majority of residents. For a downtown space such as this to thrive, it needs	10/25/2021 9:52 AM

to be safe, with a well executed business plan. I wish you luck and hope I can attend. I hope this does not become just another budget line item, resulting in higher taxes.

351	I have resided in Barrie for 20+ years, I rarely go downtown as I do not feel safe in doing so. I feel that for this to be successful and have not only our residents but also visitors feel safe, something needs to be done about the safety. Less panhandling, loitering etc.	10/25/2021 9:26 AM
352	If there isn't free parking, I would not go. Getting around Barrie is already a nightmare...stop making it worse by removing parking. This isn't Toronto and public transit is not a viable option for Barrie residents. This City streets are a mess...and getting worse.	10/25/2021 9:16 AM
353	I hope this market can be done for the city. It will be such an awesome attraction, it would remind me of something like Fanuiel Hall marketplace in Boston. I feel like Barrie needs to step up their game when it comes to providing a year round unique marketplace that locals and tourists would like to visit, and of course generate revenue for the city.	10/25/2021 7:34 AM
354	Do this 100 percent	10/25/2021 6:37 AM
355	Preferably reasonably priced, fine quality food available. Ensure a clean environment and security on site during business hours.	10/25/2021 4:26 AM
356	Great idea really hope it falls through seeing Barrie evolve into a super power in this province right before my eyes is incredible. All for it!	10/24/2021 11:32 PM
357	Your question regarding average spend shouldn't have been limited to \$100 max.	10/24/2021 10:39 PM
358	I love this concept and would visit regularly!	10/24/2021 8:58 PM
359	I used to go to the market before COVID and can't wait to get back. I love the look/idea of this and can't wait to see the final product. Thanks for always doing great things for our city.	10/24/2021 8:00 PM
360	This is a really great idea and could be amazing. Get the right people putting it together!!! We can't wait to attend	10/24/2021 4:50 PM
361	Would very much to see this - even over a theatre	10/24/2021 4:31 PM
362	I don't shop much downtown. It is unnerving. Besides there are mostly bars and coffee shops. Not much shopping shopping available. Maybe if there were better shops more people would go downtown.	10/24/2021 3:38 PM
363	I drive past this location on my way home from work.	10/24/2021 1:48 PM
364	Long overdue!!!! Glad to see Council taking this seriously!	10/24/2021 12:33 PM
365	Looking forward to this market concept. To have a place like the St. Lawrence market in Toronto year round in Barrie would be beneficial to the community and for Tourism.	10/24/2021 9:35 AM
366	Can't wait to see this market come to fruition!	10/24/2021 9:22 AM
367	In a separate area, Lockers for unhoused people to keep belongings safe, ?showers, pharmacy, laundromat.	10/24/2021 9:15 AM
368	Using this location for the weekend Sat market will increase traffic in an already very congested area of the city. Parking for the current Sat market is already very busy. Moving the Sat market to the bus terminal needs to be well thought due to traffic & parking. It might be detrimental to move there both for vendors and customers.	10/24/2021 9:01 AM
369	Parking parking parking!!!	10/24/2021 8:59 AM
370	I live in Allandale. While I would love a full time market downtown, I am very concerned about the bus terminal coming into our neighbourhood. There are so many homeless people, drug traffickers, and prostitutes around the bus terminal and we are afraid of this being so close to our safe and gentle neighbourhood. We had a friend from out of town, in his 60s doing an errand on Dunlop near the bus station and he was propositioned by prostitutes 5 times in one hour. Also a friend moved to a downtown waterfront condo on Lakeshore to retire. After extensive renos, she is leaving. She is constantly seeing drug deals and prostitutes doing transactions, loud motorcycles and many mentally ill people wandering around with no where to go. She thought she would love Barrie and she is very disappointed . I am afraid of our neighbourhood being negatively affected by the bus terminal being moved into our neighbourhood. Why cant it be put nearer to the 400 ? I hope our peaceful area is not ruined by this or we will have to move also.	10/24/2021 7:50 AM

371	This is a fabulous idea that would be such a beautiful draw to our downtown.	10/24/2021 7:44 AM
372	Please turn Collier Parkade into a “ pay when you leave” location, with a manned booth ...much easier for seniors without cellphones for all the new parking downtown ...so we can enjoy our time without worrying about when I time will run out. Benefits merchants and customers, and city as a whole.	10/24/2021 1:21 AM
373	I go downtown about 75 percent less now than usual. Why? Parking and scary people. Clean up downtown or you will lose your core. I'm a lifetime Barrie resident and can't take my grandkids for a treat without stepping around passes out people or their being scared of some of the street people. I have seen drug deals going down 3 times with my kids or grandkids. We have been harassed by people and no cops to be found. It's scary sometimes. I'm getting older now and not sure I can protect my loved ones	10/23/2021 11:33 PM
374	Great idea and sure to be another attraction for tourists visiting Barrie.	10/23/2021 10:55 PM
375	This is very exciting and will do wonders for downtown	10/23/2021 10:22 PM
376	Looking forward to new market	10/23/2021 9:54 PM
377	It would be neat if once a month you did like a car boot sale. For the general public. Host car shows in the parking lot.	10/23/2021 9:18 PM
378	I live in Allandale. Think it's not a good idea for the bus terminal to be here at the GO Station. It's too far from the downtown core. I know my comment won't change anything.	10/23/2021 8:57 PM
379	So excited for this to come to fruition, supporting local art, being creative throughout the construction to beautify the process is always such a nice touch from the city. In Oakville, all construction projects feature local art on the building fences and more, and the walkways on the water have patio chairs painted by local artists or organizations that showcase the city's diversity!	10/23/2021 7:57 PM
380	A market should provide locally owned/ grown products where / when available. Those that sell items that are not their own, must post a sign indicating that.	10/23/2021 7:33 PM
381	I sincerely hope that city will go ahead with this plan. We have been longing for this for some time.	10/23/2021 7:28 PM
382	great idea	10/23/2021 7:14 PM
383	A great idea for gentrifying the downtown district. Hopefully it would not be overrun by vagrants in a short time.	10/23/2021 6:48 PM
384	I would need to drive at least once a week when shopping for groceries at the market. Parking would be necessary. Other times I would probably go for a quick meal and walk in the warmer weather.	10/23/2021 6:37 PM
385	I am a small business owner and I would love the opportunity to apply to be a vendor at the Market when it does come to fruition. My company is Cheeky Candle Co. and I'm currently a vendor at the Barrie Farmers Market with great success. I would a permanent spot where I can sell my candles to the public.	10/23/2021 5:36 PM
386	No more riff raft homeless running down town. Clean up the streets or put safe injection sites aside from your tourist attraction areas. Downtown has potential but if embarrassing because of the homeless.	10/23/2021 5:31 PM
387	Maybe a nice mini grocery store.	10/23/2021 5:26 PM
388	As a neat idea, you could provide guests with a weekly recipe pamphlet that incorporates ingredients from different vendors. Almost like a scavenger hunt style experience. Local vendors can work together and develop their own twist on meal creations based on their seasonal offerings.	10/23/2021 5:19 PM
389	I feel the Maple ave location at the bus terminal is a very unsafe location for a market. I worry about the safety of our elderly people in our community.	10/23/2021 5:09 PM
390	This is a great idea and will attract visitors from outside the city. All great cities feature markets of this type.	10/23/2021 5:05 PM
391	the most important for me would be the medical supplies especially medical scooters and fresh	10/23/2021 4:59 PM

392	We actually live within walking distance of downtown Barrie. Not far from city hall.	10/23/2021 4:40 PM
393	Many residents have been waiting years for this permanent market place. It will increase the number of people coming into the downtown core and customers to our privately owned shops and restaurants. Making the Allandale GO station a transit hub is an asset as it will facilitate the transfer from train to bus to taxi or Uber and save travel time for residents, tourists and commuters. "Bayside Market" is a a good choice for our market place.	10/23/2021 4:25 PM
394	I hope this happens soon. We need more diverse downtown shopping.	10/23/2021 4:14 PM
395	I hope this makes progress. It's been in discussion for too long. Thank you.	10/23/2021 3:45 PM
396	I love the idea of a permanent market downtown!!	10/23/2021 2:29 PM
397	Nice exciting place, looking forward to the new option	10/23/2021 2:00 PM
398	I've been waiting for this market to become a reality ! It's time Barrie offers a vibrant urban fair in its downtown core - please get rid of bong shops - make the downtown and waterfront the classy Barrie it could be - your demographic is changing and you have people still going to Friday harbour or Toronto to seek the urban flare !	10/23/2021 1:05 PM
399	parking should be free as high cost for parking will deter people	10/23/2021 12:32 PM
400	Looks amazing, I would definitely prefer to shop here than a grocery store	10/23/2021 12:22 PM
401	I live in the condos near the bus station so having the market closer to us would be amazing. It would also create more traffic to the area and hopefully cause the homeless to move along to another location. My daughter and I enjoy the downtown often feel unsafe in the area and tend to drive to other areas of town to shop.	10/23/2021 12:04 PM
402	I work downtown, actually across the street. It would be also nice to have a community hub for arts and possibly social services.	10/23/2021 11:58 AM
403	I chose daytime hours because it doesn't feel safe in that area after dark. I'd be a woman walking alone to get groceries. Not having a car and being downtown is a major problem for getting groceries.	10/23/2021 11:56 AM
404	Please, Please make this Happen :) !!!!!!!	10/23/2021 11:45 AM
405	I would be willing to move to downtown area if I could pick up groceries twice a week and bike around the area.	10/23/2021 11:45 AM
406	I think this would be a great tourist & local draw to downtown if there is easy access to parking. Reasonably priced fresh fruit and vegetables, baked goods and meat/fish as well as craft items would make a great focal point for downtown.	10/23/2021 11:35 AM
407	You have to get Barrie safe downtown. Without that this will fail. I dont go downtown because its no longer safe. Day or night. Useless police force.	10/23/2021 11:34 AM
408	if you have a permainte market in it will end up just the the 400 market a bunch of junk	10/23/2021 11:33 AM
409	Presto cards	10/23/2021 11:30 AM
410	Locally sourced goods	10/23/2021 11:26 AM
411	The current rendering doesn't have enough parking. It would be a nightmare and result in people not bothering at all. It's vital to focus on lots of parking. Free parking. Even if it's 20 min intervals or something.	10/23/2021 11:26 AM
412	If for whatever reason the bus terminal doesn't work out there is the possibility of used the renovated historic train station down town there that I believe remains empty	10/23/2021 11:02 AM
413	Local gardening advice at the market would be helpful for newcomers & people wanting to try growing in their yards especially what works for soil types.	10/23/2021 11:01 AM
414	As a new downtown resident of Barrie, I think this would bring more people to shop the downtown and live in the downtown core. Right now you have a big homeless and drug user problem in the downtown core. Until this is addressed all the projects that city counsel dreams up will fail. People are not interest in spending thousands of \$\$\$\$ or more to live downtown and see this everyday.	10/23/2021 10:55 AM

Proposed Bayside Market District Survey

415	I have done some travelling and in every instance I seek out the artistic/local food markets. It's a large part of why I travel. I spent several weeks in the market in Marrakech a long time ago and it has left indelible memories. Let me know how I can help	10/23/2021 10:43 AM
416	Thank you for including the voice of Barrie residents in the planning of this venture.	10/23/2021 10:15 AM
417	I do enjoy visiting the Barrie market. Every time I see produce being sold that is obviously not local or in seadon - it turns me off and makes me angry and why I don't visit more than couple times a year. Many people have the same feeling. Local farmers produce should be just that.	10/23/2021 9:47 AM
418	I love the farmers market, but my husband works weekends and with my babe and pets it is hard to get out and get going before noon. I would love another opportunity to have this experience and sometimes even drive to Gravenhurst (market is Wednesday morning) or other communities to experience this.	10/23/2021 9:03 AM
419	Building a market that does not become a white elephant needs some serious research. Visit other markets, take pages out of their books. The St Lawrence Mkt is already dated.	10/23/2021 8:43 AM
420	There needs to be a strategy to attract diverse vendors. My concern about the market is that it will get filled with satellite sites of already existing, mainstream restaurants ie. Donnelley's, Kensington, Pie etc. The food vendors should have a good mix of authentic multicultural offerings. The dance, music art should also reflect many cultures.	10/23/2021 8:40 AM
421	Get liquor license for shared external and internal patio area like the forks in Winnipeg.	10/23/2021 7:59 AM
422	I make it a point to go downtown from where I live. It is not far to drive or bike, 20-25 minutes and we could walk in under an hour. I could bus from my house as well, we are on a direct route DN.	10/23/2021 7:46 AM
423	I would really like to see this be a succesful local food market at its base. All the nonsense foreign made items found at other permanent markets should be kept away. This should also focus on affordable fresh food as well.	10/23/2021 7:32 AM
424	Might consider an ATM on site as many don't take debit and need cash	10/23/2021 7:03 AM
425	Great opportunity here to focus an area in the market on native culture and the history of native people's in the area. In regards to crafts, food, art ect...	10/23/2021 6:35 AM
426	This is a great idea, I feel this is a new and improved way to enjoy and support local families. I work late nights on the weekends and never have the chance to make it to the current farmers market due to timing. My only concern is with the amount of street people in that particular area. It may deter some vendors from participating. I also feel that the city should consider providing a subsidy for those farmers/artisans who may need help renting a space on a daily basis. This may possibly encourage more permanent vendors.	10/23/2021 1:55 AM
427	Stop wasting tax payers money on things we don't need. Especially now when the debt is enormous and unsustainable.	10/23/2021 1:02 AM
428	Why not put the market in the beautiful old bus station building ? It would be a city staple in a historic city building	10/23/2021 12:17 AM
429	I make a point of visiting public markets when I am in a new city or country. I have been eagerly awaiting the continued rejuvenation of Barrie's downtown and a permanent public market with space for an expanded seasonal market outdoor will be an amazing addition.	10/23/2021 12:04 AM
430	This could be done well, but I suspect it wont. Partisan politics and businesses with investment agendas will push their intent over what is best for them, not the downtown or the city. It is shameful. I am tired of feeling my tax dollars are wasted on vanity projects. If you are going to ask the questions, will you listen to the answers of even the unpopular responses?	10/23/2021 12:04 AM
431	Excited about this market and the new location!	10/22/2021 11:24 PM
432	Great idea with a permanent market! But downtown feels very unsafe. Even having nice places like permanent market wouldn't make me want to visit downtown more often. Especially I feel unsafe in downtown in the evening - late evening.	10/22/2021 11:22 PM
433	This is such a good idea!	10/22/2021 11:19 PM
434	I have been very disappointed in the barrie market. Very small. Not much produce. It would be nice if the market could be revived and more fresh produce brought in. It would be so nice of a	10/22/2021 10:55 PM

market if done down by the lake somewhere.

435	Local cheese or fresh juice is a good addition	10/22/2021 10:52 PM
436	We live downtown and look forward to a larger, permanent market (greater variety) easily accessible (walk or bike), on a daily basis. An excellent idea!	10/22/2021 10:44 PM
437	I think its a great initiative I have moved to this area 2 years ago, and I always loved this city. I call this place home proudly. And I like the direction Barrie is headed. I always tell everyone this is the next big place to be, I event went far to call it the future Miami of Canada.	10/22/2021 10:42 PM
438	I can't wait to see it!	10/22/2021 10:17 PM
439	Why are you asking me if a market would make me move downtown?	10/22/2021 10:14 PM
440	I think this would be a great addition to our downtown. Would love to see it happen.	10/22/2021 10:04 PM
441	I would like to see Indigenous art and historical plaques about the original inhabitants of the area. It would show how the area was a trade place before it was Barrie.	10/22/2021 9:56 PM
442	Best of luck with the planning! Please ensure that the homeless/marginalized population that currently frequents the area is not displaced without providing suitable alternative areas for those without adequate shelter to rest & stay warm/cool in extreme weather.	10/22/2021 9:51 PM
443	Food trucks would be amazing.	10/22/2021 9:46 PM
444	I'm thrilled about this concept. I enjoy taking my young family to market most weekends. During the winter, I find the indoor space restrictive for both the vendors and patrons. Downtown Barrie needs a greater amount of foot traffic to support the amazing businesses downtown. This would certainly aid in achieving that.	10/22/2021 9:45 PM
445	I like the idea of having an open year round community market.	10/22/2021 9:37 PM
446	Clean up the druggies. It's super sketchy in that area. More bright lighting on paths, along the streets in darkness and make it more inviting	10/22/2021 9:26 PM
447	Can't wait for this long-awaited permanent market on the heart of our city!!	10/22/2021 9:02 PM
448	Downtown Barrie need's more places to purchase groceries. Currently it is severely under served.	10/22/2021 8:52 PM
449	I know so many people who are super excited about this, including me! The present limitations on the market's availability is the only thing holding me personally back from going more. This city is starving for more culture; I hope this becomes the buffet we all need!! Thank you so much for working forward.	10/22/2021 8:34 PM
450	It would be an excellent location and a super attraction.	10/22/2021 8:31 PM
451	I think is an important part of revitalization. Also, the location is better for visitor visibility.	10/22/2021 8:28 PM
452	It really upsets me to the point I'd rather move out of Barrie because no one is addressing the housing problems here. I get \$780.00 a month from CPPD and my rent is \$1,100.00 let me know if you can live like this! You keep trying to bring people in by beautifying our city but you won't build low income housing or help the homeless and now you want to build this? What is wrong with the huge building on the Lakeshore by the Go Station, it's been abandoned for years? It's just pathetic that no one will cap the rentals for us or this Government refuses to give us a UBI to help us live & oh I don't know, maybe buy 'food' each month!!!	10/22/2021 8:07 PM
453	I think this is an amazing proposal and would benefit our downtown core.	10/22/2021 7:41 PM
454	The cost of the renovations will mean the city will need to subsidize the market more than they do on the present structure since construction.	10/22/2021 7:40 PM
455	How are you going to keep the homeless and drug addicts from scaring off patrons to the market. Salvation Army across the road not a good mix.	10/22/2021 7:33 PM
456	This project has ben in the works for years not just since 2021. Quit procrastinating and get it done!	10/22/2021 7:08 PM
457	Distillery District has walking tours (ghost, history)	10/22/2021 7:01 PM
458	We are retiring shortly and moving into Lakhouse and with no grocery store downtown would	10/22/2021 6:44 PM

walk daily or every other to purchase our food and support local. Also see a great way to help support change in downtown

459	Look to St Lawrence Mkt Toronto for all that is offered!	10/22/2021 6:41 PM
460	This is a great idea! Hopefully it will make the Barrie downtown a positive place to live rather than a place to be fearful of and ashamed of!	10/22/2021 6:38 PM
461	This is a wonderful idea !!!!	10/22/2021 6:36 PM
462	N/A	10/22/2021 6:36 PM
463	The location is a great idea, as it will bring in people walking the waterfront. But the current location doesn't exactly feel like a safe and comfortable area to be in. I personally do like to be in that area by myself. What is the city's plan for dealing with the homelessness and substance use in that area? It would be ashamed to spend this money if the area will remain dodgy.	10/22/2021 5:43 PM
464	Wonderful idea. We've travelled into Springwater, such as Harris Farms and Barry Hill for fresh products also. And on occasion will venture to Hwy 400 market and St Lawrence market for a day trip to break out of the routine. Cafe etc	10/22/2021 5:37 PM
465	This is a wonderful idea.	10/22/2021 5:32 PM
466	My husband and I have been hopeful that the bus terminal would go through an improvement like this for years. We believe that an upgrade to such a well-placed hub drawing in more of the local community as well as visitors will start a trend for more positive vibes within the area. As it currently stands, the bus terminal seems to draw and be the landing place for those in a downward way or within a very poor mental place in their lives. Creating a central hub promoting a positive vibe will hopefully help many within the community as well as our city/community as a whole.	10/22/2021 5:19 PM
467	Supportive uses for along side the market are important-coffee shops! Some grab and go food options. Consistency in vendors is important.	10/22/2021 4:50 PM
468	Hope it doesn't become a "hang out spot" for drugs. that sure would put a damper on a facility.	10/22/2021 4:45 PM
469	Think it's a great idea!!!	10/22/2021 4:42 PM
470	This survey was done not too long ago. If change is going to happen, ensure there is a will by council to actually do the job.	10/22/2021 4:40 PM
471	Need to clean up the downtown from homelessness.	10/22/2021 4:36 PM
472	Well you can call me as I work in market research at Decisionpointresearch.ca and I am a foodie and have food and farming in my background. Genevieve de Lima 416 805 5972. I know trends and my boss works with bmo, rbc, Siemens dunkin' donuts to McDonald's Niagara fruit growers too recruiting fortune 500 ceos', Lifeworks formerly Morneau shapely. I see lots of potential in the downtown, but the old guard will quash it. And you must help homeless and the poor immediately, there is so much hate from southern Barrie residents and outskirts. I hear the hate online. You can dream a you want but you have to change the narrative and get things done, or it is all for not.	10/22/2021 4:31 PM
473	Looking forward to it! Thanks for investing into the heart of our city!	10/22/2021 4:30 PM
474	"If you build it, they will come".	10/22/2021 4:23 PM
475	We NEED this space. We need an overhaul improvement of downtown. Places like midland has a better downtown than us. Collingwood for example!!!! The bus station must go! Waterfront needs more restaurants. Hotels.	10/22/2021 4:20 PM
476	The best thing to do at a market is grab your food inside a bustling food hall and then head outside and find a quiet place to sit on a hill or under a tree and watch live music or the world go by as you eat. If you can create that atmosphere I'd come to the market more.	10/22/2021 4:16 PM
477	I currently do not visit the downtown farmers market because it is limited to Saturday mornings. With young kids, I am limited and less flexible. An evening market would be more accessible for working parents.	10/22/2021 4:12 PM
478	I feel that a downtown market would bring more citizens and tourists to the general downtown and benefit local business	10/22/2021 4:10 PM

Proposed Bayside Market District Survey

479	It is ESSENTIAL that on site parking is provided for those with MOBILITY ISSUES.	10/22/2021 4:04 PM
480	Love coming to downtown Barrie to shop and would love a localized place to see some smaller or more unique things	10/22/2021 3:59 PM
481	I really hope this happens soon!	10/22/2021 3:52 PM
482	I think this is a good idea. The Burger King that used to be in the bus terminal was often dirty, smelly, and had very little that I could eat, as a vegan.	10/22/2021 3:52 PM
483	A permanent market space would be a wonderful asset to Barrie's downtown! As a recent transplant from Toronto, this type of strong local food space is something I'm missing and would love to see Barrie develop. I would also like to see vegan options and businesses.	10/22/2021 3:47 PM
484	I would use the market more if it this project comes to fruition. Right now only having one day a week does not work with my schedule as I work Saturday mornings.	10/22/2021 3:44 PM
485	Nope	10/22/2021 3:32 PM
486	I think this will be a fantastic initiative! I love the farmers market so, so much but can rarely get their Saturday's. I would likely do the majority of my shopping at the market were it open more often, including gifts and special meals.	10/22/2021 3:31 PM
487	Wonderful idea!	10/22/2021 3:26 PM
488	The bus station should remain the hub of the downtown - the Allendale Station is hugely inconvenient to get to. At least the bus station is central. The market as it exists today is just fine	10/22/2021 3:20 PM
489	We are a family of 6. 4 young kids and very hard to keep them entertained for long periods of time. It's hard to transport and get them loaded and unloaded. So when vendors change often its easier to go to say barrie hill farms when it has almost all we need.	10/22/2021 3:16 PM
490	Appreciate the survey, advertise it more. I saw it on twitter.	10/22/2021 3:16 PM
491	Now that I take my elderly mother places (wheelchair/walker), we are learning how inaccessible Barrie is - so no stairs please & lots of accessible parking nearby. Places like Park Place and Cundles East shopping areas are off limits as we can't get from one area to another without getting back in the car to drive 200 metres. Such awful design for our seniors. Snow/ice clearing is also important. When those things are looked after, it makes for a better experience and makes us come back again and again. It's that simple. Good luck - We really hope there is amazing vision to this project!	10/22/2021 3:16 PM
492	City cannot afford to subsidize a permanent market.	10/22/2021 3:15 PM
493	Wonderful idea... just get on with it pronto Feature History of Barrie in the structure!	10/22/2021 3:08 PM
494	Been waiting years for this to happen... Make it happen ASAP for the good of our downtown	10/22/2021 3:05 PM
495	With all of the proposed development downtown, much more retail is needed especially a grocery store & drug store. A waterfront restaurant would be a nice addition as well. Development of a Marketplace at the current bus station is a good start.	10/22/2021 3:01 PM
496	Love this idea! Excited to hear more. If you're doing any focus groups and such, please reach out to me via email at saschaellis@gmail.com	10/22/2021 2:59 PM
497	It's a beautiful design and a great idea, I really hope this happens	10/22/2021 2:55 PM
498	Just get it done already	10/22/2021 2:54 PM
499	Please offer some space to those who are just starting out. Maybe have a "new vendor" day.	10/22/2021 2:51 PM
500	Did you even stop to think about how removing the bus terminal would affect the people in the community that use it the most? Or are you just thinking about how much money you can make off of middle class and higher?	10/22/2021 2:46 PM
501	Thank you. I hope this project gets going soon.	10/22/2021 2:46 PM
502	Look forward to see this in the future! I will make it a point to come here at least once a week if not more!	10/22/2021 2:43 PM

Proposed Bayside Market District Survey

503	Keep it clean	10/22/2021 2:43 PM
504	Currently this area is over run by unsavoury types of people. In order to attract tourists to the market it would need to be patrolled and kept clean. It's location in close proximity to the soup kitchen will be a concern. People will not want to be there if it is where the street people hang out.	10/22/2021 2:39 PM
505	I think this is an amazing idea that would add value to our city and especially our downtown core. Fully supportive!	10/22/2021 2:38 PM
506	Hope everything works out	10/22/2021 2:38 PM
507	I don't see why the bus terminal and the market can't be combined. The busses don't encroach on the space to be occupied by the market and, since all busses go there, it would be easier for those reliant upon public transit to visit the market.	10/22/2021 2:33 PM
508	The ill-conceived changes to the transit system made in 2013 have made getting around Barrie more difficult. Stop wasting millions of the taxpayers' dollars on yet another downtown revitalization scheme. All parts of the city should benefit from government spending, not just the downtown.	10/22/2021 2:33 PM
509	I believe it's the people that will make the market. Compare places like Italy and India to Toronto and Montreal, pork and wine and cheese and people. If you make it accessible and enjoyable and not let people abuse it. Look into free uber carpooling for people who purchased alcohol at the market, everytime someone visits the market they should be drunk and full from free sampling	10/22/2021 2:32 PM
510	GET IT DONE ALREADY! YOU'VE BEEN TALKING ABOUT IT FOR A DECADE!	10/22/2021 2:30 PM
511	Although it is a very good idea, I think that In order for this to be successful, there needs to be some major drug and homelessness cleanup downtown to make visitors feel safe to go to such market!	10/22/2021 2:29 PM
512	Let's keep green infrastructure top of mind when creating this space, solar, green garden roof, rooftop cafe, connect to the land and lake. Encourage active Transportation.	10/22/2021 2:29 PM
513	It would be great to have a grocery store not another pricey convenient store	10/22/2021 2:29 PM
514	Please change the green roof, it's had its day and looks terrible now.	10/22/2021 2:28 PM
515	I actually live in Allandale. "Central Barrie" was not an option, but Allandale is not downtown. The market precinct must appeal to local shoppers and not be designed simply as a tourist destinations. Markets fail without local shoppers and vendors will not participate if they're simply there to attract pedestrian tourists who do not spend money. Vendors need regular customers every week to support their businesses.	10/22/2021 2:23 PM
516	Parking not available nearby would be a deal breaker with a minimal charge or free. Recently bought an overpriced bread and had to pay for parking too. Will not support that business again	10/22/2021 2:21 PM
517	I want a farmers market not just a collection of businesses using the market as a satellite location. Please clarify the intent! Farmers market or public market! They are not the same thing	10/22/2021 2:20 PM
518	This is a great idea! It will help to draw more people downtown, which is sorely needed in this city. It's a shame that the downtown has been neglected for so long.	10/22/2021 2:18 PM
519	Love this idea. I work on Mary St. and the area needs to become more shopper friendly. It's a bit scary right now.	10/22/2021 2:18 PM
520	A Good farmer's market would be a very welcomed business to Barrie . And a Great attraction .	10/22/2021 2:11 PM
521	This is an Awesome Idea. We really need more grocery options in Downtown.	10/22/2021 2:10 PM
522	As a young professional from Barrie who wishes to remain here, I love most of the work happening downtown; however, seeing these efforts distributed throughout other neighbourhoods in Barrie would be even better so that all residents can access similar experiences, quality of life improvements and co-benefits of a healthier, lower carbon community. I appreciate that retrofitting the suburbs is much more difficult, but it's an equal priority, especially with regards to public health and GHG reduction.	10/22/2021 2:10 PM

Right now it is an area of downtown that I will not take my children too. I am hoping this market perhaps will clean it up so I can take my children to the local markets
