Official Plan Amendment - YMCA Lands - 10,14,18,20,22,24 Grove Street West, City of Barrie

Dear Ms.Foster

In accordance with the Planning Act I am giving notice that I object to the application submitted by Grove Street Developments Inc.

My objection also applies to any documentation that may have been filed under the name or names of YMCA, Barrie YMCA, YMCA Simcoe/Muskoka, or any proposed development for street addresses known municipality as - 10, 14,18, 20, 22, 24 Grove Street West, Barrie.

Further detailed comments will either be made by myself at a future public meeting, or submitted in writing.

By providing this notice, I maintain my individual right to appeal the decision of the Corporation of The City of Barrie to the Ontario Municipal Board, or my right to appeal as a member of a community neighborhood group, or by an agent on my behalf..

As required the notice of a Public Meeting has been circulated in reference to the application.

However, due to the significant plans of a large development which will severely impact the residential area that is involved, more than one public meeting should be scheduled.

Today, many citizens have to plan well in advance to either arrange time off from work to attend, or have previous commitments.

As the meeting date has been set by other than those persons who may be effected, and who reside in the immediate area, it begins with an unfair advantage.

Please continue to circulate any information which becomes available, and register my objection. This email is to be accepted as if it was originally signed.

Thank You

David (Dave) Aspden
