PUBLIC COMMENTS

1. **Ms. Heather Turner, 62 Balmoral Place** advised that her property backs on to the southwest corner of the subject lands. She questioned why the mature trees were being removed along the southwest corner of the subject lands, noting that she purchased her property specifically due the privacy provided by the trees.

2. **Mr. Jamie Hillier, 54 Balmoral Place** discussed his concerns associated with the Tree Preservation Plan and the removal of the large canopy ash tree. He also raised concerns associated with the difference in lot grading between the existing residential homes and the proposed development noting the potential impact on privacy in his backyard. Mr. Hillier commented that fences can only be constructed so high in accordance with City by-laws and as a result of the low grading in the rear yard of the proposed development he will be able to see over the neighbour's fence. He noted that his only protection of privacy is the large canopy ash tree and that he felt a portion of the tree may be situated on his property, which may provide him with some rights related to the tree. Mr. Hillier indicated that he is aware of the emerald ash borer but advised of an injection that could be given to the tree in order to preserve it. In closing, Mr. Hillier indicate he would like the ash tree kept or another one put back in its place to provide his property with some privacy.

3. **Ms. Tana Ward, 52 Balmoral Place** raised concerns about the removal of the canopy ash tree and the impacts of its removal. She noted that according to the Tree Preservation Plan as presented, she would be losing two trees bordering her property. Ms. Ward commented about the possible adverse effects that the removal of the trees will cause to the privacy and value of her property.

A representative of John D. Bell Associates discussed the Tree Preservation Plan and the emerald ash borer as reasons for the removal of such trees.

Ms. Tana Ward, 52 Balmoral Place questioned if any trees would be planted to replace the trees being replaced being removed.

Ms. Phillips responded to the resident's inquiry.
