The purpose of this memorandum is to provide members of Council with an update concerning the acceptance of new Municipal Services. In compliance with General Motion 11-G-276 (see Appendix A), the “as constructed” municipal services within, and complementary to PHASE 2 of the noted development (located on the north east side of Yonge Street north of the Barrie South GO Station and Maplevue Drive East; see key plan in Appendix B) have been completed to the satisfaction of staff and are proposed to be assumed by By-law.

Acceptance of the “as-constructed” municipal services, allows the existing Letter of Credit to be reduced as such:

1. That a Letter of Credit in the amount of \$256,213.38, representing 5% of the original Letters of Credit and uncompleted works be held until the completion of a two-year maintenance period, at which time a final inspection of the works, within and associated with this plan will be performed with the Developer.
2. Upon satisfactory completion of the two (2) year maintenance period, the remainder of the associated Letter of Credit security will be released.

If there are no concerns raised by the Council, the Approvals Branch of the Development Services Department will request the Legal Services Department to prepare the necessary By-Law to assume the streets and accept the services within this plan of subdivision. Please forward any questions or comments to Barb Perreault at barb.perreault@barrie.ca by April 9, 2025.
