WHEREAS it has been determined through the review process that the suggested option is to transfer land from the Township to the City to facilitate the identified community growth.

WHEREAS the City and the Township have entered into this Agreement for the transfer of land located in the Township to the City by way of a restructuring proposal pursuant to sections 172 and 173 of the Municipal Act, 2001. S.O. 2001, Chapter 25 (the “Act”); and

3.2 Schedule “A” outlines the total area of the Annexed Land and describes the lands the parties agree consist of the Developable Lands, the Buffer Lands and the Non-Developable Lands.

3.3 The legal description of the Annexed Lands is pending as of the date of this Agreement but is to be completed and agreed upon by the parties’ solicitors and submitted to the Minister without further approval by the Council of either party for inclusion within the proposed Restructuring Order of the Minister. 3.9 Schedule “G” is an Excerpt from City’s Official Plan Regarding Community Uses.

4. Purpose and Objectives

4.1 The parties agree that it is within their mutual interests to negotiate the boundary adjustment of the Annexed Lands from the Township to the City in order to support the City’s residential and economic growth needs and the County and Townships’ future regional employment needs.

4.2 The parties also recognize the benefits of working together to support environmental sustainability and economic development in the Township, Township of Springwater, County, and City as supported by this Agreement.

4.3 The parties agree that this agreement is intended to address the following three priority objectives:

- a) to enable the long-term preservation and public use of environmentally sensitive lands, particularly along the eastern edge of the Annexed Lands, which will be dedicated to the City through the development process, and protected as part of the City’s natural heritage system;
- b) to ensure sufficient lands are available for residential growth and provide timely and cost-effective municipal service delivery for potential development within the Annexed lands with priority to lands that have been previously considered for Ministerial Zoning Orders; and
- c) to advocate for Provincial and other investment in the delineation and servicing of lands within the Townships and the City that will create employment opportunities for the residents of the Township of Oro-Medonte, Township of Springwater and the County of Simcoe.

4.4 The parties recognize that the Annexed Lands contain priority development areas, that have been the subject of previous MZO applications and will bring much needed seniors related housing and supports to the region.

4.5 The City will continue the work commenced by the Township and work with the landowners and the Province as necessary to advance approvals for development of the site known as the McLean lands, recognizing that an application for development has previously been the subject of an MZO request. The parties acknowledge that they cannot

fetter the City's discretion in the event the proposals are revised. All City development-related approvals, fees and charges will apply following approval of an MZO.

5. Collaboration Amongst City, County, Township and Province of Ontario

5.1 The parties to this Agreement shall collaborate with the County, Township of Springwater, and the Province of Ontario to secure financial and other investment in the broader region to support the creation of economic opportunity and employment. Specifically, the parties will prepare a joint request to seek investment in three (3) uniquely located opportunity areas for employment expansion immediately, in particular:

- (a) Forbes Road at Highway 400 (expansion to the Midhurst Settlement Area) identified in the attached map as Schedule F.
- (b) Lands around the Lake Simcoe Regional Airport (specifically an airside development area that would complement the future employment lands along Highway 400 for larger employment areas). The proposed collaboration would also include other initiatives related to the growth of the Lake Simcoe Regional Airport such as the Highway 11 and CR 127 interchanges, hydro upgrades, and other needed infrastructure to stimulate economic development.
- (c) Highway 400/Horseshoe Valley Road (lands southwest of Craighurst). The parties will explore this area as a priority location for the development of employment uses.

5.2 The parties will work together and include Springwater and Simcoe County, to create a Joint Economic Development Strategic Working Group to support coordinated growth strategies and investments for the benefit of each participant. The terms of reference for this working group will be established within Twelve (12) months of the issuance of the Restructuring Order and shall consider mechanisms to jointly fund the work.

5.3 As of the Effective Date, the City will be responsible for providing all services currently provided by the Township and the County, including but not limited to road maintenance, garbage collection, police and emergency fire services to the Annexed Lands, and except for those services the County currently provides for the City as well as the Township, including long-term care, social services and social housing. The City shall assume the cost of providing ongoing County services related to the Annexed Lands, after

the Effective Date. The City will work with the County and Township to ensure a seamless transfer of responsibilities.

5.4 The parties mutually affirm their commitment to maintaining the adjusted boundaries of the Municipalities, recognizing the stability and continuity this provides for the community while ensuring a consistent framework for long-term planning and development.

5.5 The Chief Administrative Officer (CAO) of each municipality shall designate a lead contact for transition related matters and parties will work together to identify opportunities to work together to transition governance, communications and municipal service delivery to ensure transition happens in the most cost-effective and efficient manner. Collaboration and information-sharing meetings will occur quarterly unless determined by the parties that they are needed more frequently, and the County will be invited to participate in meetings where matters related to the transfer of roads or County interests are discussed.

6. Compensation

6.1 Whereas the parties acknowledge that the current assessment value of properties within the Annexed Lands results in annual tax revenue of approximately \$xx the parties agree upon the following terms and conditions set out in this Article for compensation.

6.2 The City shall pay the Township compensation based on Twelve Thousand and Five Hundred Dollars (\$12,500) per developable acre of Annexed Land less the area of the Township property, which shall be the full extent of compensation that the Township is entitled to in respect of the Annexed Lands.

6.3 Payment of Two Million Dollars (\$2,000,000) shall be made on January 1, 2026 and the remainder shall be paid in five installments divided equally and payable annually on July 1, 2026, and January 1, 2027, through January 1, 2030, with no consideration for interest.

6.4 The City acknowledges the Township's ownership of the parcel known municipally as 239 Penetanguishene Road and is willing to consider purchase at market value and at the Township's request in the future, subject to terms agreeable to both parties. Standard commercial assumptions for conducting appraisals will apply. For purposes of this Agreement, the area of this parcel will be included in the calculation to determine compensation per section 6.2, but if sold to the City the developable area compensation will be deducted from the final purchase price.

6.5 The City agrees to be responsible for all direct costs associated with the transfer of the Annexed Lands to the City from the Township, from the date the Township approves execution of this Agreement until December 31, 2025, including all consultants and legal costs incurred during the relevant timeframe.

6.6 The City shall reimburse the Township for any such costs incurred as described in Subsection 6.5 above, by no later than 60 days of presentation to the City of invoices or proof of payment.

7. Assessment and Tax Collection

7.1 Any increase in the property taxes of the Annexed Lands that occurs solely as a result of this Agreement shall be phased in over twenty (20) years for agricultural land and five (5) years for all other land.

7.2 Notwithstanding subsection 7.1 above, the transitional phase-in provisions for taxation shall no longer apply if:

- (a) there is a change in ownership of the property (except between spouses or in the case of agricultural lands, as between parent and child where the transfer is for the purposes of succession planning). For purposes of this section, “child” means a child born within or outside marriage and includes an adopted child and a person whom a parent has demonstrated a settled intention to treat as a child of his or her family, or
- (b) a change in the use or character of an eligible property or
- (c) a change in its classification under the Assessment Act.

7.3 All real property taxes levied or municipal fees and charges registered on title under any general or special Act and uncollected in the Annexed Lands that are due and unpaid as of the Effective Date shall be deemed on and after the effective date to be taxes, charges and rates due and payable to the Township and to be collected by the City and paid to the Township when collected.

7.4 The Treasurer/Collector of the Township shall prepare and furnish to the Treasurer of the City a special collector’s roll for the Annexed Lands showing all arrears of real property taxes or special rates assessed against the lands in the Annexed Lands up to and including the Effective Date and the persons assessed for them.

7.5 On the first day of the month following the month in which the City has received the special collector’s roll from the Treasurer/Collector of the Township under subsection 7.4,

the City shall pay to the Township an amount equal to all arrears of real property taxes or special rates assessed against the land in the Annexed Lands, which shall include any arrears subject to a tax sale by the Township, including outstanding penalty and interest charges up to the Effective Date. Any tax arrears acquired by the City from the Township on the special collector's roll in subsection 7.2 which are deemed to be uncollectable and written off by the Treasurer of the City, if agreed to by the Treasurer of the Township, will be deducted from the City's compensation to the Township under article 6 in the following year.

7.6 The City shall have authority to continue with any tax sale procedures that have been initiated by the Township and have not concluded by the Effective Date with the proceeds being directed from the City to the Township.

7.7 For the purpose of the assessment roll to be prepared for the City for taxation in 2026, being the year of annexation, the Annexed Lands shall be deemed to be part of the City and the Annexed Lands shall be assessed on the same basis that the assessment roll for the City is prepared.

7.8 Prior to November 1, 2025, the Clerk of the Township shall prepare and furnish to the Clerk of the City, in respect of the Annexed Lands, a schedule detailing any local improvement charges and/or other charges to facilitate billing of them by the City with payment of these amounts to be forwarded back to the Township to satisfy the original debt incurred.

8. Utilities Transfer

8.1 The City and the Township will work together with Alectra Utilities Corporation (Alectra) to jointly apply to the Ontario Energy Board for approval to align the provision of hydro services by Alectra with the new municipal boundaries.

8.2 The City and the Township will each notify Enbridge Gas (Enbridge) in regard to the transfer of the Annexed Lands and will work together with Enbridge to obtain any regulatory approvals that may be required.

8.3 The City and the Township will work together for any other utility transfers that may be necessary for utility services to follow the new municipal boundaries.

9. Municipal By-laws and Official Plans

9.1 From and after the Effective Date, and subject to the provisions of this Agreement, the by-laws of the City shall apply to the Annexed Lands and the by-laws of the Township shall cease to apply to such areas except,

- (a) By-laws of the Township or County,
 - (i) That were passed under sections 34 or 41 of the Planning Act or a predecessor of those sections; or
 - (ii) That were passed under the Highway Traffic Act or the Municipal Act, 2001, or predecessors of those Acts, that regulate the use of highways by vehicles and/or pedestrians or that regulate the encroachment or projection of buildings, or any portion thereof, upon or over highways;
- (b) By-laws of the Township passed under sections 45, 58, or 61 of the Drainage Act or a predecessor of that Act;
- (c) By-laws of the Township passed under section 10 of the Weed Control Act or predecessors of that section; or
- (d) By-laws conferring rights, privileges, franchises, immunities or exemptions that could not have been lawfully repealed by the Council of the Township;
- (e) Official Plan and Zoning Bylaw provisions as outlined in section 9.6 of this agreement.

9.2 If the Township has commenced procedures to enact a by-law under any Act and that by-law applies to the Annexed Lands and is not in force as of the date of annexation, the Council of the City will determine whether or not to continue the procedures to enact the by-law to the extent that it applies to the Annexed Lands. Nothing in this section shall have the effect of restricting or limiting the jurisdiction of the City in relation to any planning matter that may hereinafter be considered.

9.3 The Official Plan of the Township and/or County, as it applies to any part of the Annexed Lands and approved under the Planning Act, becomes the Official Plan of the City with respect to the Annexed Lands and shall remain in force and effect until repealed or amended to provide otherwise by the Council of the City. Following the Effective Date, the Annexed Lands shall remain subject to the Township's Official Plan and Zoning By-law then in effect until changed by the Council of the City as outlined in section 9.7.

9.4 During the period preceding the Effective Date, the Planning Staff of the Township shall ensure that their City counterparts are fully apprised of any and all development

applications and other planning approvals (whether the same are merely anticipated, in pre-consultation or other informal discussions, or if a formal application has been made) affecting the Annexed Lands, with a view to ensuring that any ongoing planning processes may continue without undue delay from and after the Effective Date. Where responsibility to administer the provisions of any development-related agreements entered into by the Township is transferred to the City, all securities related to ensuring compliance with such agreements will also be transferred to the City.

9.5 The City will comply with applicable Federal Airport Zoning Regulations, the Provincial Planning Statement provisions respecting planning for land development in the vicinity of airports and will discourage incompatible land uses in the vicinity of the Lake Simcoe Regional Airport. The City will take into account proximity to the Lake Simcoe Regional Airport and restrict uses that could impact airport operations through the production of steam or other exhaust, glare, the attraction of birds, the production of electronic signal interference, or any other uses which would impact the long term operation and economic role of the Lake Simcoe Regional Airport shall be prohibited. Any temporary uses that may cause short term negative construction impacts such as the use of cranes and the creation of excessive dust and debris shall be coordinated with Lake Simcoe Regional Airport staff and City staff prior to such a use being commenced or established.

9.6 The City and Township affirm their shared commitment to advancing provincial and federal goals of accelerating housing development, recognizing that the City is particularly well positioned to support and deliver on this objective efficiently and effectively, on the annexed developable Oro-Medonte lands.

9.7 The City agrees that when updating its land use policies and by-laws the Annexed developable Lands will be designated as Community Use Area as defined in this Agreement.

9.8 Except as specifically provided for in this Agreement, nothing of a general nature in this Agreement shall have the effect of restricting or limiting the jurisdiction of the City in relation to any planning matter that may hereinafter be considered.

9.9 From and after the effective date, by-laws of the City passed under the Development Charges Act, 1997, or a predecessor of that Act shall apply in the Annexed Lands until repealed or amended by the Council of the City.

10. Assets, Liabilities, Rights and Obligations

10.1 All real property, including any highway, street, fixtures, easements, or restrictive covenants running with the land of the Township located within the Annexed Lands, shall vest in, and all liabilities associated with this real property shall be assumed by, the City on the Effective Date. All other assets and liabilities of the Township and the County shall remain the assets and liabilities of the Township and the County as the case may be.
