

Hello your worship and members of council. Thank you for letting me speak to you tonight.

What I want to talk to you about is bringing back bulky item collection back into the city of Barrie. I think it would be great for people that do not have a truck, van or a trailer to take items to the dump themselves.

Such as stoves, washers, driers, chairs ect. I will explain to you to what happened on the street I live on.

For three weeks there was a chair sitting at the end of a driveway. Just think on the street you live. Every house had a chair sitting at the end of the driveway.

Does that not look dumpy? The thing that got me worked up is for three weeks I called the city and nothing was done by anyone.

It was not until I spoke to Sandi Coulter. It should not take

three weeks. 24 hours at the max. Twice
or year bulikly items should not cost alot.

Paul collins
