

Notice – Item for Discussion

Submitted by:	Councillor Jim Harris
Subject:	Development of Disc Golf Plan
Reference Committee Name:	Infrastructure and Community Investment
Reference Committee Date:	March 6, 2024
General Committee Date:	March 20, 2024
City Council Date:	March 27, 2024

Motion for Consideration:

That staff investigate the feasibility of developing new disc golf infrastructure including on the City-owned land at Park Place and/or other City-owned properties with the related costing and include consultation with the broader disc golf community (e.g. the Barrie Disc Golf Club, etc.) and report back on the results of the investigation to General Committee.

Reason or Rationale in support of the motion:

Disc golf is a rapidly growing, affordable and accessible recreation activity. The Sandy Hollow site is among the most used courses in Canada and may need to be removed in the future to accommodate land fill needs. This effort will help to address the current demand and plan for the future.

Linkage 2022-2026 Strategic Priorities:

Thriving Communities
