### Motion for Consideration:

#### **IMPLEMENTATION OF ROADSIDE SAFETY MEASURES ALONG HURST DRIVE IN THE VICINITY OF 42 GABLES WAY**

1. That staff in the Infrastructure Department retain a road safety consultant and a contractor to design and construct appropriate road safety measures along Hurst Drive in the vicinity of 42 Gables Way.
2. That a new project be added to the 2024 capital plan with a Capital Budget of \$300,000 for the implementation of the road safety measures to be funded from Tax Capital Reserves.

### Reason or Rationale in support of the motion:

This area of Hurst Drive has seen a number of serious accidents including a vehicle traveling through a fence and hitting a home on two separate occasions, in addition to numerous events of vehicles sliding off the road hitting road side arrow indicators and the centre island signage. There have also been incidents of vehicles missing the corner and ending up on what is a very busy sidewalk which is very close to the road where no curbing exists.
