***FOR IMMEDIATE RELEASE***

**Tomorrow is the last day of extended landfill hours and free brush disposal**

(Barrie, ON) – The City of Barrie is reminding residents that this Saturday, May 31, 2025, will be the final day for extended depot hours at the landfill (8:30 a.m. to 6:30 p.m.), and free disposal of brush and yard waste.

As part of the response to the late March ice storm, the City offered extended depot hours at the landfill every Saturday to support cleanup efforts. The City also waived disposal fees for residential brush and yard waste to help residents manage storm debris.

After May 31, the landfill will return to its regular Saturday hours of 8:30 a.m. to 3:30 p.m., and standard disposal fees will apply to all materials, including brush and yard waste. Residents are encouraged to take advantage of the final day of extended hours and free disposal opportunity this Saturday.

The landfill site is located at 272 Ferndale Drive North. For full details on landfill hours, fees, and accepted materials, visit [barrie.ca/landfill](https://barrie.ca/landfill).

Residents are also reminded that the City is conducting a final curbside collection of ice storm debris from June 2 to 7, and residents are asked to have all storm-related tree debris placed at the curb no later than June 1 to guarantee pickup. For more information visit [barrie.ca/IceStorm](https://barrie.ca/IceStorm).
