

Staff Memorandum

| | |
|---------------------------|---|
| To | Mayor A. Nuttall and Members of Council |
| Subject | Employment Area Consultation for Official Plan Amendment to be Consistent with the Provincial Planning Statement (2024) |
| Date | June 18, 2025 |
| Ward | All |
| From | M. Banfield, RPP, Executive Director of Development Services |
| Executive Member Approval | M. Banfield, RPP, Executive Director of Development Services |
| CAO Approval | M. Prowse, Chief Administrative Officer |

The purpose of this memorandum is to provide members of Council with an update concerning the actions undertaken by staff following direction [20-G-054](#) as provided at the General Committee on March 19, 2025. Direction [20-G-054](#) states *'That staff report [DEV009-25](#) concerning a City Initiated Official Plan Amendment (OPA) to be consistent with the Provincial Planning Statement (2024) be referred back to staff to consult with affected stakeholders related to changes concerning employment areas and report back to General Committee.'*

Staff Report [DEV009-25](#) recommended an amendment to the City's Official Plan 2051 (May 2024) to ensure alignment with the [Provincial Planning Statement, 2024](#) (PPS 2024) which took effect on October 20, 2024. The PPS 2024 replaces both the [Provincial Policy Statement, 2020](#) and [A Place to Grow: Growth Plan for the Greater Golden Horseshoe, 2019](#).

Stakeholder Consultation Process

In accordance with the *Planning Act*, a public meeting, held on February 26, 2025, at Affordability Committee for the city-initiated OPA. In response to the meeting notice, staff received several general inquiries, three written submissions, and there was one verbal commentor at the meeting. Additionally, external partners including Metrolinx, Lake Simcoe Region Conservation and Nottawasaga Valley Conservation Authorities provided comments on the proposed OPA.

Prior to coming forward with the Staff Report [DEV009-25](#) to General Committee on March 19, 2025, staff conducted one-on-one discussions with relevant stakeholders including consultants, developers and landowners affected by the revised Employment Area definition. Eleven (11) additional written submissions were received, identifying specific properties that would be impacted by the proposed changes to the definition of Employment as amended by the new PPS.

Following the General Committee, staff continued direct engagement with interested parties to clarify concerns and explore future land use opportunities. In total, ten (10) stakeholder meetings were held by Development Services and Economic and Creative Development staff with those parties who had submitted written concerns and wished to further discuss their comments with the team.

Site Visit and Further Engagement

On April 16, 2025, BILD hosted a virtual meeting with City staff for their members that had expressed interest in the topic of this OPA. This virtual meeting was attended by approximately 12 individuals representing their own land interests or those with multiple clients interested in this topic. This allowed individuals to ask questions and to look at policy options to explore.

On May 12, 2025, City staff facilitated a bus tour with stakeholders to assess existing Employment Areas, review existing land uses and built forms in employment areas across the city and discuss potential approaches to employment land designation. This initiative sought to balance stakeholder concerns with the City's mandate to protect employment lands as defined in PPS 2024.

Next Steps

Staff will undertake a re-evaluation of the recommendations in Staff Report [DEV009-25](#) to clarify future growth opportunities within active Employment Areas and explore alternatives to the Employment – Non-Industrial designation. Additionally, as required under the *Planning Act*, a second public meeting will be required, and notice will be provided accordingly. Staff anticipate scheduling this meeting for fall 2025.
