

**AMENDMENT NO. 31
TO THE
CITY OF BARRIE
OFFICIAL PLAN**

OFFICIAL PLAN
FOR THE
CITY OF BARRIE
Amendment No. 31

Amendment No. 31 to the City of Barrie Official Plan was prepared by the Barrie General Committee and was recommended to the Council of the City of Barrie under the provisions of the Planning Act, on the 5th day of May, 2017.

Mayor

City Clerk

This amendment was adopted by the Corporation of the City of Barrie by By-law No. 2017-__ in accordance with the provisions of the Planning Act, on the 5th day of June, 2017.

Mayor

City Clerk

BY-LAW NUMBER 2017-XXX

A By-law of the Corporation of the City of Barrie to adopt an amendment to the Official Plan (O.P.A. No. 31).

WHEREAS, Section 21 of The Planning Act, R.S.O., 1990 Chapter P.13 authorizes Council to initiate an amendment to or repeal of any Official Plan that applies to the municipality;

AND WHEREAS, by Resolution 17-G-XXX, the Council of the Corporation of the City of Barrie deems it expedient to pass such a by-law to adopt an amendment to the City of Barrie Official Plan;

NOW THEREFORE, the Council of the Corporation of the City of Barrie enacts as follows:

1. Amendment No. 31 to the City of Barrie Official Plan attached to and forming part of this by-law, is hereby adopted.

READ a first and second time this 5th day of June, 2017.

READ a third time and finally passed this 5th day of June, 2017.

THE CORPORATION OF THE CITY OF BARRIE

Mayor

Clerk

This Amendment No. 31 to the Official Plan for the City of Barrie which has been recommended by the Barrie General Committee and adopted by the Council of the Corporation of the City of Barrie, is hereby approved in accordance with the Planning Act as Amendment No. 31 to the City of Barrie Official Plan.

Date

City Clerk

**AMENDMENT NO. 31
TO THE CITY OF BARRIE
OFFICIAL PLAN**

INTRODUCTION

PART A - THE PREAMBLE does not constitute part of this amendment.

PART B - THE AMENDMENT, consisting of the following text and map constitutes Amendment No. 31 to the City of Barrie Official Plan.

Also attached is **PART C - THE APPENDIX**, which does not constitute part of this amendment. This appendix contains the Public Meeting Minutes, Staff Report, and the Council Resolution associated with this amendment.

PART A - THE PREAMBLE

PURPOSE

The purpose of this Official Plan Amendment is to amend Schedule A: Land Use to change the designation of the subject property from "Future Urban" to "Residential" and "Environmental Protection".

The redesignation of the lands is intended to facilitate the creation of 75 single detached residential lots, a medium density block and an environmental protection area through the rezoning and Draft Plan of Subdivision process.

LOCATION

The subject lands comprise are located within the Ardagh Planning Area and legally described Lots 2 and 3, Concession 14, Former Innisfil and all of Blocks 160, 161, 162, 163 and 164 Plan 51M-867 in the City of Barrie. The lands are located on the north side of Ardagh Road, west of Wright Drive. The portion of the lands subject to this Amendment comprises approximately 13.78 hectares of a larger 89.9 hectare parcel.

BASIS

The subject lands were formerly part of a deferral area in the Ardagh Secondary Plan. The deferral related to confirmation of the boundary of the Provincially Significant Bear Creek Wetland, which was defined through a Comprehensive Environmental Impact Study (EIS, 2009). The deferral has since been lifted and "Future Urban" parcels were designated on Schedule A: Land Use of the Official Plan. The "Future Urban" designation indicates where development could occur subject to the completion of a site specific EIS to identify development limits for the property.

A site specific EIS was submitted to define the developable area for the property north of Ardagh Road and west of Wright Drive. Staff from the City and the Nottawasaga Valley Conservation Authority (NVCA) worked closely with the original applicant to further detail the recommendations of the EIS and identify a potential development limit for the property. This limit is represented by the designation of "Residential" and "Environmental Protection" proposed for Schedule A: Land Use of the Official Plan.

The proposed development conforms to the Growth Plan for the Greater Golden Horseshoe and is consistent with the Provincial Policy Statement. The development is setback from the existing Provincially Significant Bear Creek Wetland to the north and Centre Creek that transects the mid-point of the property. The proposed development would represent intensification in the form of low and medium density built form, consistent with development in the area.

The proposed development maintains the intent of the Official Plan by ensuring that the scale and physical character of the proposed development is compatible with, and can be integrated into the surrounding neighbourhood; that infrastructure, transportation facilities, and community facilities and services are available without significantly impacting the operation and capacity of the existing systems; that public transit is available and accessible; and that the development will not detract from the City's ability to achieve increased densities in areas where intensification is being focused.

PART B - THE AMENDMENT

DETAILS OF THE AMENDMENT

The Official Plan for the City of Barrie, as it applies to lands legally described as Lots 2 and 3, Concession 14, Former Innisfil and all of Blocks 160, 161, 162, 163 and 164 Plan 51M-867 in the City of Barrie, be amended as follows:

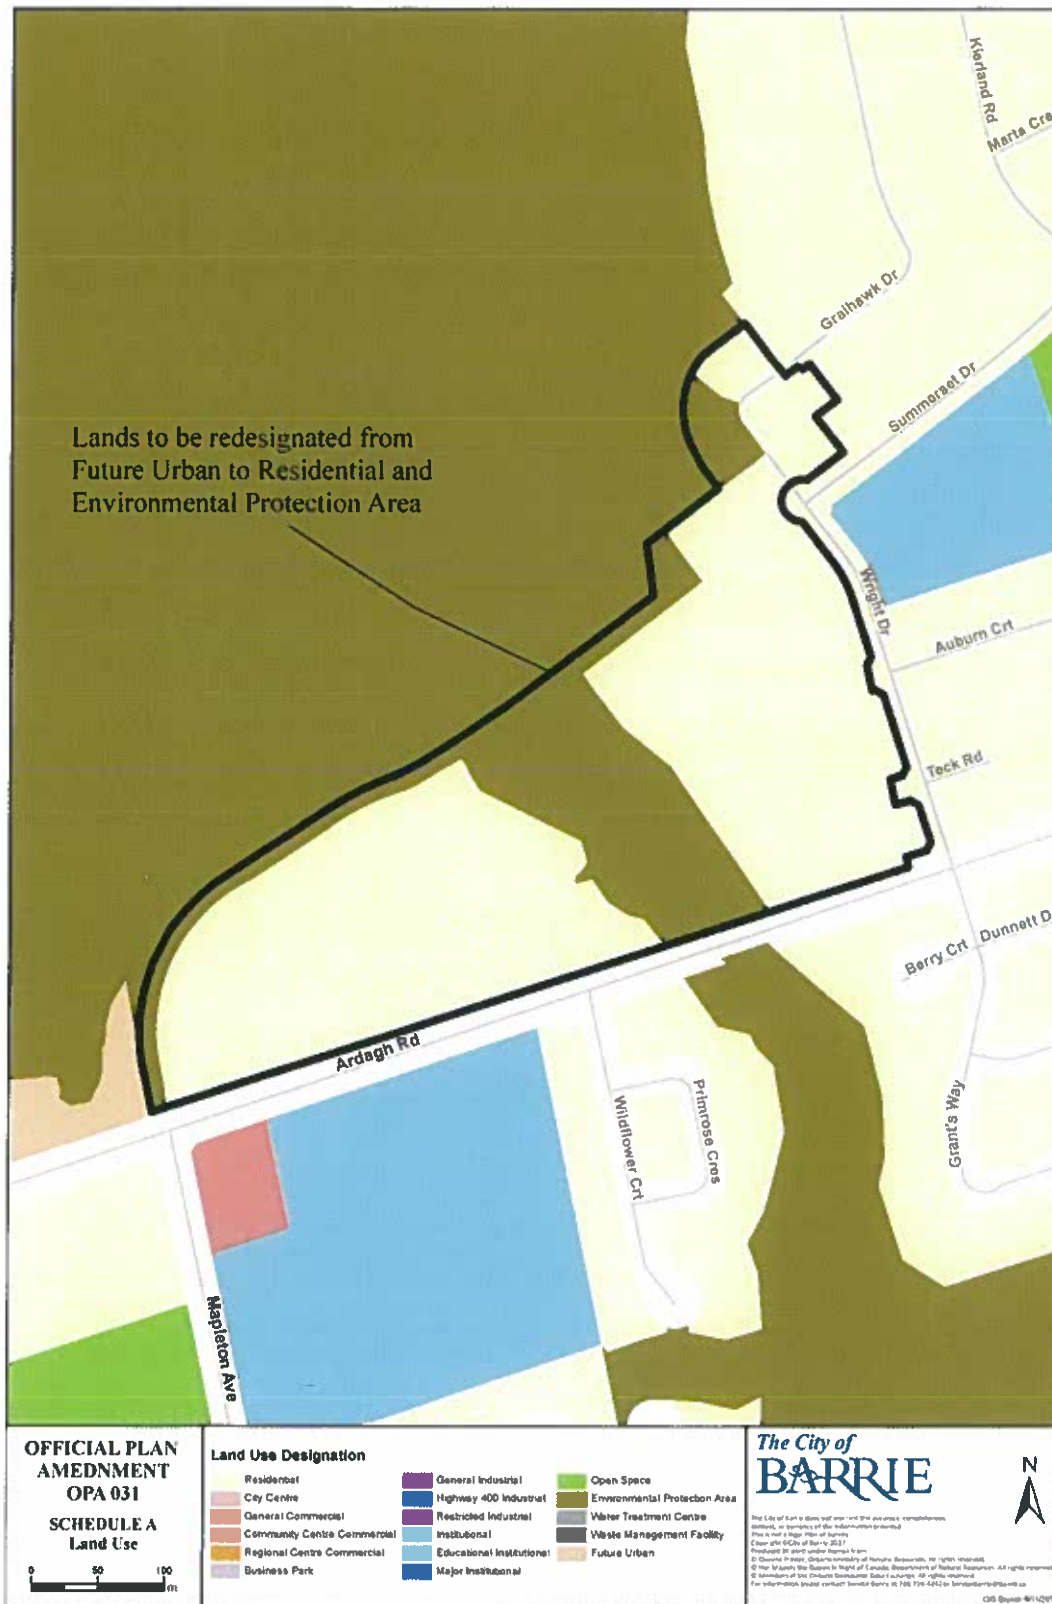

1. Schedule "A" Land Use Plan is hereby amended by redesignating certain lands shown on Schedule A from "Future Urban" to "Residential" and "Environmental Protection".

IMPLEMENTATION

Upon adoption of this Amendment, Council may consider an implementing Zoning By-law and Draft Plan of Subdivision.

INTERPRETATION

The provisions of the Official Plan, as amended from time to time, shall apply in regard to the Amendment.

PART C – THE APPENDIX

PART C - THE APPENDIX

City Council

March 6, 2017

17-G-036

APPLICATION FOR AN OFFICIAL PLAN AMENDMENT, AN AMENDMENT TO THE ZONING BY-LAW AND A DRAFT PLAN OF SUBDIVISION - 1934811 ONTARIO LIMITED (JOHN DUIVENVOORDEN) – NORTHWEST OF ARDAGH ROAD AND WRIGHT DRIVE (FILE: D09-OPA31/D12-404/D14-1556) (WARD 6)

Mr. Ray Duhamel of the Jones Consulting Group advised that the purpose of the Public Meeting was to discuss an application for an Official Plan amendment, an amendment to the Zoning By-law, and a Draft Plan of Subdivision for the property located on the northwest corner of Ardagh Road and Wright Drive.

Mr. Duhamel discussed slides concerning the following topics:

- The site context including surrounding land uses;
- Photographs of street views for the subject property;
- The proposed plan of subdivision;
- The application in context with the Provincial Policy Statement and Growth Plan;
- The current and proposed Official Plan designations for the subject lands;
- The plan in the context of the Ardagh West Secondary Plan; and
- The current and proposed zoning of the subject lands.

Ms. Celeste Terry, Planner summarized the applications including the amendments to the Official Plan and Zoning By-law that were being requested. She provided details related to the public comments received at the Neighbourhood Meeting as well as the primary planning and land use considerations associated with the application.

VERBAL COMMENTS

Members of the public did not provide any comments.

Members of General Committee did not provide any comments.

WRITTEN CORRESPONDENCE

Written correspondence was not received concerning this application.

TO: GENERAL COMMITTEE

SUBJECT: APPLICATIONS FOR OFFICIAL PLAN AND ZONING BY-LAW AMENDMENTS TO PERMIT LOW AND MEDIUM DENSITY RESIDENTIAL LAND USE AND THE EXTENSION OF SUMMERSET DRIVE, NORTH OF ARDAGH ROAD, WEST OF WRIGHT DRIVE

WARD: 6

PREPARED BY AND KEY CONTACT: C. TERRY, MCIP, RPP
PLANNER, EXTENSION #4430

SUBMITTED BY: R. FORWARD, MBA, M.Sc., P. ENG., DIRECTOR OF PLANNING AND BUILDING SERVICES

GENERAL MANAGER APPROVAL: R. FORWARD, MBA, M.Sc., P. ENG.
GENERAL MANAGER OF INFRASTRUCTURE AND GROWTH MANAGEMENT

CHIEF ADMINISTRATIVE OFFICER APPROVAL: C. LADD, CHIEF ADMINISTRATIVE OFFICER

RECOMMENDED MOTION

1. That the Official Plan Amendment application submitted by the Jones Consulting Group Ltd., on behalf of 1934811 Ontario Limited - John Duivenvoorden for lands identified as Lots 2 and 3, Concession 14 and all of Blocks 160, 161, 162, 163 and 164 Plan 51M-876, to amend the land use designation on Schedule A - Land Use from Future Urban to Residential and Environmental Protection as identified in Appendix "A" to Staff Report PLN005-17 be approved.
2. That the Zoning By-law Amendment application submitted by the Jones Consulting Group Ltd., on behalf of 1934811 Ontario Limited - John Duivenvoorden for lands identified as Lots 2 and 3, Concession 14 and all of Blocks 160, 161, 162, 163 and 164 Plan 51M-876, to rezone the lands from Agriculture and Environmental Protection to Residential Single Detached (R3), Residential Multiple (RM2) and Environmental Protection (EP) as identified in Appendix "B" to Staff Report PLN005-17 be approved.
3. That the written and oral submissions received relating to this application, have been on balance, taken into consideration as part of the deliberations and final decision related to the approval of the application, including the following matters raised in those submissions and identified within Staff Report PLN005-17: the protection and buffering of Centre Creek and the Bear Creek Wetland, tree removals and traffic concerns.
4. That no further public notice is required in accordance with Section 34 (17) of the *Planning Act*.

PURPOSE & BACKGROUNDReport Overview

5. The purpose of this staff report is to recommend that the property north of Ardagh Road, west of Wright Drive be designated and zoned to permit an area of low and medium density residential development. The development limits have been established through a site specific Environmental Impact Study (EIS) on a parcel of land designated as Future Urban in the City's Official Plan. The

Future Urban designation was provided to lands in the deferral area of the Ardagh Secondary Plan that were located outside of the defined limit of the Provincially Significant Bear Creek Wetland and could have development potential.

Location

- The subject property is located on the north side of Ardagh Road, west of Wright Drive and will be bordered by the extension of Summerset Drive connecting with Ardagh Road.

Surrounding Land Uses

North

future Summerset Drive extension,
Bear Creek Wetland

East

Wright Drive, Gralhawk Drive, single
detached homes, elementary schools

South

Ardagh Road, single detached homes,
commercial plaza, secondary school
and townhouses

West

Bear Creek Wetland, vacant lands
designated as Future Urban

Background

- The subject lands were formerly part of a deferral area in the Ardagh Secondary Plan. The deferral related to confirmation of the boundary of the Provincially Significant Bear Creek Wetland, which was defined through a Comprehensive EIS (2009). The deferral has since been lifted and Future Urban parcels were designated on Schedule A: Land Use of the Official Plan. The Future Urban designation indicates where development could occur subject to the completion of a site specific EIS to identify development limits for the property.
- These applications were first submitted in 2013 with two separate development parcels on the subject lands. A Public Meeting was held for the original proposal on September 30, 2013. The application was subsequently amended in 2015 to include only the lands identified in Staff Report PLN005-17. A Neighbourhood Meeting was held for the amended application on June 15, 2015. Since that time, the property has changed ownership and the new owner is proceeding with the applications to amend the Official Plan and Zoning By-law to permit residential and environmental protection uses on the subject lands.
- A site specific EIS was submitted to define the developable area for the property north of Ardagh Road and west of Wright Drive. Staff from the City and the Nottawasaga Valley Conservation Authority (NVCA) worked closely with the original applicant to further detail the recommendations of the EIS and identify a potential development limit for the property. This limit is demonstrated on the attached plans for residential land use designation (Appendix "A"), residential and environmental protection zoning (Appendix "B") and the proposed Draft Plan of Subdivision (Appendix "C").

10. In addition to the EIS (Golder Associates, February 2013), the following reports have been submitted in support of this application:
- a) Planning Justification Report (GSP Group, March 2015)
 - b) Functional Servicing Report (Jones Consulting Group Ltd., October 2016)
 - c) Natural Hazards Assessment (Jones Consulting Group Ltd., October 2016)
 - d) Traffic Impact Study (JD Northcote Engineering Inc., October 2016)
 - e) Tree Inventory Assessment and Preservation Plan (Stantec, June 2013/December 2014)
 - f) Archaeological Assessment, Stages 1 & 2, 3 and 4 (Archaeologix Inc., August 2002, February 2004, March 2004)

Public Consultation

11. A Neighbourhood Meeting was held on June 15, 2015. There were 15 residents in attendance. A general summary of the comment topics from the public is included below with comment from staff *in italics*:
- a) Protection of Centre Creek and the Provincially Significant Bear Creek Wetland

Through the detailed EIS and the consultation with City and NVCA staff, a development limit was set for the subject site that provided an average of 30 metre of protected vegetated buffer from the Bear Creek Wetland. In addition, a similar vegetation buffer is preserved along the Centre Creek corridor that goes through the site, into the wetland to the north.
 - b) Tree removal and preservation

If the proposed amendments are approved, City and NVCA staff will be working with the owner/applicant and the consultant team to ensure appropriate consideration is given to responsible tree removal, buffering and tree preservation on and adjacent to the site. The Draft Plan of Subdivision conditions will reference this requirement.
 - c) Increase in traffic, in particular traffic congestion at the local schools

Although not originally required for this project, in response to this comment, the applicant did submit a Traffic Impact Study. The recommendations of the study do not identify the need for traffic calming measures as a result of this proposed development. With regard to traffic congestion around the schools located on Summerset Drive east of the proposed development, staff from Road, Parks and Fleet has been advised of the concern. Staff are investigating traffic congestion around schools in the City in an effort to provide solutions to this issue.
12. A second Public Meeting was held on February 29, 2017. No comments were received from the public at the meeting.

13. Through the Ward Councillor, an email dated March 8, 2017 was received by staff. The email expressed concern with the species of the existing treed area on site, as it was potentially white pine and therefore an endangered tree species. Staff has received confirmation that the treed area is red pine and staff from the Ministry of Natural Resources & Forestry (MNRF) has confirmed that red pine is not an endangered species.

ANALYSIS

Provincial Policy

14. The Provincial Policy Statement and Places to Grow policies generally direct growth to established serviced areas, as well as encourage the protection of natural features in urban areas. The proposed development concept provides the opportunity for development while preserving, protecting and buffering both the Provincially Significant Bear Creek Wetland and the Centre Creek watercourse that feeds into the wetland feature.

Official Plan Policy

15. The subject lands are currently designated as Future Urban in the Official Plan. The Future Urban designation is applied to lands that are being examined through a detailed study or secondary plan process. These lands are intended for residential and complementary land uses such as commercial, institutional and environmental protection. The Future Urban designation is illustrated on Schedule A: Land Use of the Official Plan, and typically requires special study prior to considering an amendment to the land use designation.
16. In this case, the Future Urban lands were part of the Ardagh Secondary Plan prior to its passing in December, 1996. When the Plan came into effect, a decision on the permitted land use in proximity to the Bear Creek Wetland was deferred until the completion of a Comprehensive EIS. A Comprehensive EIS was completed and approved by MNRF in April, 2009. When the deferral was subsequently lifted, parcels of Future Urban land remained outside of the defined limit of the Provincially Significant Bear Creek Wetland. To be redesignated, these lands require a Site Specific EIS to evaluate the environmental significance of the lands and determine the potential development limit.
17. A site specific EIS was submitted in support of this application and through additional consultation with staff from the City and NVCA an acceptable development limit was established for this project. The proposed amendment is to designate the developable limits of the parcel as Residential, as well as define lands intended to be preserved and designated as Environmental Protection.

Zoning By-law

18. The current zoning for the property is Agriculture (A) and Environmental Protection (EP). The application is to rezone the subject lands to Residential Single Detached (R3), Residential Multiple (RM2) and Environmental Protection (EP) as identified in Appendix "B" to Staff Report PLN005-17. The proposed residential and environmental protection zoning categories integrate into the existing neighbourhood and protect the natural features identified through the detailed review of the property. The applicant has not requested any site specific provisions to the Zoning By-law to permit the proposed residential development.

Plan of Subdivision

19. The Draft Plan of Subdivision, attached to Staff Report PLN005-017 as Appendix "C", outlines single detached Lots 1-75, Block 76 as a Medium Density block, Blocks 77-80 as Environmental Protection and the road network. If the requested Official Plan and Zoning By-law amendments are approved, the Plan of Subdivision process is delegated to Staff. Draft Plan Conditions will be issued to facilitate the development of these lands, and will include but not be limited to: lot and road network; municipal service infrastructure; stormwater management; and, preservation and buffering of Centre Creek and the Bear Creek Wetland.

Site Plan Control

20. If the Official Plan and rezoning amendments are approved, the medium density block, noted as Block 76 on the Draft Plan of Subdivision (Appendix "C"), would be subject to Site Plan Control. The built-form and detailed site design will be established through the Site Plan Control process when an application is submitted.

ENVIRONMENTAL MATTERS

21. The following environmental matters have been considered in the development of the recommendation:
- a) The protection and preservation of the Bear Creek Wetland and Centre Creek, including an average of 30 metres of buffer area around the wetland and watercourse features.

ALTERNATIVES

22. The following alternative is available for consideration by General Committee:

Alternative #1

General Committee could maintain the existing Official Plan designation of Future Urban and the zone of Agriculture for a portion of the captioned lands. (i.e. Status Quo)

This alternative is not recommended as the intent of the Future Urban designation in the Official Plan is to identify the potential for development to be integrated into this area, provided a site specific Environmental Impact Study is completed and the recommended buffering and/or mitigation measures are respected when identifying the development limit. The applicant has provided the required information and analysis to establish residential development on this property.

FINANCIAL

23. The Draft Plan of Subdivision identifies 75 lots for single detached housing and a medium density block. The estimated property tax for 2017 as a vacant residential lot is \$452,820.00. The property owner paid \$87,183.09 in municipal taxes in 2016.
24. The Development Charges for residential uses can be estimated at \$43,478.00 per unit for a total of \$3,260,850.00 for the 75 single detached units. The potential development charges for the medium density block estimated as townhouses at a density of 53 units per hectare would be \$32,503.00 per unit for a total of \$7,735,714.00.

Council Resolution

17-G-130 APPLICATIONS FOR OFFICIAL PLAN AND ZONING BY-LAW AMENDMENTS TO PERMIT LOW AND MEDIUM DENSITY RESIDENTIAL LAND USE AND THE EXTENSION OF SUMMERSET DRIVE, NORTH OF ARDAGH ROAD, WEST OF WRIGHT DRIVE (WARD 6)

1. That the Official Plan Amendment application submitted by the Jones Consulting Group Ltd., on behalf of 1934811 Ontario Limited - John Duivenvoorden for lands identified as Lots 2 and 3, Concession 14 and all of Blocks 160, 161, 162, 163 and 164 Plan 51M-867, to amend the land use designation on Schedule A - Land Use from Future Urban to Residential and Environmental Protection as identified in Appendix "A" to Staff Report PLN005-17 be approved.
2. That the Zoning By-law Amendment application submitted by the Jones Consulting Group Ltd., on behalf of 1934811 Ontario Limited - John Duivenvoorden for lands identified as Lots 2 and 3, Concession 14 and all of Blocks 160, 161, 162, 163 and 164 Plan 51M-867, to rezone the lands from Agriculture and Environmental Protection to Residential Single Detached (R3), Residential Multiple (RM2) and Environmental Protection (EP) as identified in Appendix "B" to Staff Report PLN005-17 be approved.
3. That the written and oral submissions received relating to this application, have been on balance, taken into consideration as part of the deliberations and final decision related to the approval of the application, including the following matters raised in those submissions and identified within Staff Report PLN005-17: the protection and buffering of Centre Creek and the Bear Creek Wetland, tree removals and traffic concerns.
4. That no further public notice is required in accordance with Section 34 (17) of the *Planning Act*. (PLN005-17) (D09-OPA031, D14-1556, D12-404)
