FROM: R. W. McArthur, P. Eng., Director of Engineering

NOTED: R. J. Forward, MBA, M.Sc., P. Eng., General Manager of Infrastructure, Development & Culture
Carla Ladd, Chief Administrative Officer

RE: Temporary Traffic Calming Measures

DATE: May 17, 2012

This memo is to advise Council of the status of this project. Staff will be commencing with the implementation of the 2012 Traffic Calming Program with the installation of temporary speed cushions and speed boards located throughout the City's ten (10) wards.

Engineering staff have been working with the local Ward Councilors to determine the locations of the temporary traffic calming measures and they can be found in Appendix "A". In addition, Appendix "A" identifies the number of speed cushion sections that will be installed on each roadway.

The traffic calming installation tenders have closed and staff will be working with the contractor to begin the installations in early June.

Staff are planning a public media release and City of Barrie web site updates and notifications to area residents to coincide with the Traffic Calming Program.

Staff will continue to perform traffic investigations on roadways identified by the public and local Councilors for permanent traffic calming measures.

S. Rose, C.E.T., TSOS
Supervisor of Transportation Planning

S. Patterson, P. Eng.
Manager of Infrastructure Planning

R. W. McArthur, P. Eng.
Director of Engineering
