<p>iii) a Cooling and Warming Centre for at-risk individuals and the provision of daily meal programs that are currently being offered on public lands and in public parks over multiple years.</p>	<p>In progress</p>	<p>The County of Simcoe and the City of Barrie partnered to provide funding for the operations of the first municipally-funded cooling centre in Barrie. The Gilbert Centre was awarded the contract for the operation of a seasonal cooling centre for unhoused residents. The Gilbert Centre cooling centre officially started its operations on July 24th, 2023. It operates from 8:30 a.m. to 4:30 p.m. daily until mid-September 2023.</p> <p>The RFP issued by the County for warming centre operations for winter 2023/2024 resulted in no proposals received specific to the scope of the RFP, that being for the operation of day and overnight warming services.</p> <p>Given the critical importance of warming operations for the coming winter, the County is implementing an Alternative Spaces Activation Strategy with funded homeless shelter providers. This strategy will identify the capacity of alternate spaces at each shelter where individuals can come in from the cold when shelter beds are full. Through a significant increase to provincial Homelessness Prevention Program (HPP) funding in late spring 2023, the County increased funding to homeless shelters, enabling 24 hour/day, 7 day/week operations.</p> <p>The County is also in the process of securing an agreement for warming services in the City of Barrie to further expand options</p>
