2024 Parking Summary by Ward for the Parking Ad-Hoc committee

While this committee had originally requested mapping, herein you will find parking ticket summary per ward representing relevant tickets issued in 2024

This task was no easy feat; in 2024 there were approximately 43,415 total parking tickets issued for a variety of parking offences.

As part of this summary, all paid parking offences both downtown, the waterfront and around the hospital were removed. These numbers were removed as they are not within the mandate of the committee or necessarily relevant to violations the committee is seeking. In addition, we also removed offences related to Fire Routes, Accessible Parking, some Private Property Parking such as commercial locations and all offences related to permit requirements.

Within some of the newer residential areas, we did leave in violations for park on private property without permission, the rational for this is that fewer space are now required per unit and tenants are being forced to park in the visitor spaces or being push out on to the street and potentially further impacting the neighbourhood. This is particularly more impactful in the winter months when parking is not permitted on the street and snow loads take up more room on these commercial properties.

From there, parking violations or offences have been split up by Ward and by month. Attached you will find 10 charts by ward and the offences are divided by month. It is our hope that this will assist in providing the committee with some understanding of where the majority of violations are being issued, there time of year that these offences are taking place and the number of tickets per violation that have been issued in 2024.

Lastly, we will mention that the offence of "Park within 1.5 m of a private driveway" is currently complaint based only per direction received from a previous Council. While those offences do not show high results in most wards, the tickets issued are only upon receipt of a complaint and if the vehicle was on site at the time of our arrival. We can state, as I am sure the committee can note as well, vehicles continually park within 1.5 m of private driveways, so the numbers below do not reflect what is happening around the city.

WARD 1 SUMMARY:

Offence Type												
•	Jan	Feb	Mar	April	Мау	June	July	Aug	Sept	Oct	Nov	Dec
Park on Street Prohibited by Sign	30	31	35	102	84	91	85	68	76	120	83	29
