BRIEF STATEMENT OF PURPOSE OF THE OPEN DELEGATION: OMCI has received \$88,464 in Canada Summer Jobs Grant funding in 2018 to provide emerging musicians with the opportunity to build their brands and careers through summer student employment. They will develop skills and attitudes that transcend this opportunity. Rather than compete with the City's own program, we propose a pilot partnership to make best advantage of this significant funding windfall in 2018. OMCI to focus on scheduling, insurance, wages, supervision/ City to focus on marketing, training and building capacity. Program will include expectation for artists to fulfill objectives of both employment and the program and will give more opportunities to learn, grown and perform than if the two programs are operated separately. This is the best possible way to ensure that emerging musicians are given this opportunity in 2018. End of program review would determine if outcomes were met successfully and recommendations arising from the final report will clearly indicate if a partnership would continue to be desirable in 2019 or if the program should revert to each individual provider.
