Subject: Emergency Deputation Request

Good day, I hope this email finds you well.

My name is Heydon George, and I fulfill two roles with the Canadian Musicians Co-operative as both their Technical Director and sit on their board of directors. I am requesting an emergency deputation in response to the city staff report FAC007-25. I hope that there will be the ability to speak this upcoming Wednesday, as the PAC project is something near and dear to all of our hearts. The rest of the info that follows is the necessary information required to book.

Heydon George

I will be the one speaking this Wednesday, if possible, again my name is Heydon George. All my info is the same as listed above.

Thank you for your time and consideration,
