**RE: CYCLE BARRIE INFRASTRUCTURE PROGRAM –  
NOTICE OF PUBLIC INFORMATION CENTRE NO. 1**

**DATE: FEBRUARY 7, 2022**

---

The purpose of this Memorandum is to provide members of Council with advance notice of the upcoming Public Information Centre (PIC) for the Cycle Barrie Infrastructure Program (CBIP).

While the City continues to implement cycling infrastructure with major road reconstruction projects, the CBIP is a standalone effort intended to accelerate implementation and develop a connected network by rightsizing roads to accommodate bicycle lanes, implementing signed routes on appropriate corridors and addressing strategic network gaps to provide greater connectivity.

The first virtual PIC is being held at 7:00pm on February 24, 2022. The purpose of the PIC is to introduce the CBIP, provide information on corridors planned for bicycling lanes and illustrate identified network gaps. The PIC will be soliciting feedback on popular cycling routes and route prioritization, general barriers to cycling and suggestions to get more residents cycling. The PIC will be advertised in the Barrie Advance and through the City's social media channels.

Project details and registration information for the PIC are available at [www.buildingbarrie.ca/cyclebarrie](http://www.buildingbarrie.ca/cyclebarrie).
