RE: DOWNTOWN AND URBAN GROWTH CENTRE APPLICATION STATUS FIRST
QUARTER 2022 UPDATE (WARDS 1, 2 AND 8)

DATE: JUNE 6, 2022

The purpose of this Memorandum is to provide members of Council with a quarterly status update on development applications within the City's downtown and Urban Growth Centre.

This quarterly update to Council provides the status of existing applications as they move through the development approvals process, as well as updates on when new development applications are received. In between these quarterly updates, the [Proposed Developments](#) page on the City's website is updated as new information and new milestones are reached.

The fourth quarter update for 2021 was provided to Council in February 2022. The first quarter update for 2022 is attached to this memo. There has been some progress, such as the inclusion of a new application for 129 Collier Street, for two 12-storey residential buildings with a total of 293 units.

For more information, please contact Michelle Banfield, RPP, Director of Development Services at 705-739-4220 ext. 5466 or by email at michelle.banfield@barrie.ca.
