RE: RODNEY STREET SIDEWALK FROM COLLINGWOOD STREET TO BLAKE STREET – UPCOMING PUBLIC INFORMATION CENTRE (WARD #1)

DATE: JUNE 27, 2022

The purpose of this Memorandum is to inform members of Council that the Infrastructure Department is completing the detail design for the construction of a sidewalk on Rodney Street, from Collingwood Street to Blake Street. The sidewalk connects a missing link between the north section of Rodney Street and south section of Rodney Street.

Public consultation is an integral part of the process and, as such, a Public Information Centre (PIC) is planned for this project. The goal of the PIC is to ensure that anyone with an interest in the project has the opportunity to provide input.

This PIC has been scheduled to be in-person; the details of which are included in the attached notice in Appendix A. The project information, a PIC slide show presentation along with comment sheets will be made available on the City's website for those unable to attend. Additionally, this information will be advertised on the City's social media accounts. The attached notice is also being provided directly to properties potentially impacted by or, adjacent to the project.
