FOR IMMEDIATE RELEASE

Anne Street between Donald Street and Henry Street to be partially closed for four weeks

(Barrie, ON) Anne Street between Donald Street and Henry Street will be partially closed for traffic starting tomorrow for about four weeks. The closure is required for the reconstruction of the Anne Street and Donald Street intersection, which is being completed as part of the Ministry of Transportation's (MTO) Anne Street Bridge Replacement project.

The intersection at Anne Street and Donald Street will be closed to Westbound/Southbound traffic from Donald Street. One lane will be maintained through the intersection for Northbound/Eastbound traffic from Anne Street to Donald Street/Wellington Street only. Access to the Hiway Pentecostal Church will be maintained via Henry Street.

Barrie Transit Buses servicing Route 5 will detour on Donald Street. Visit www.barrie.ca/TransitNotices for more details.

MTO began construction of a new Anne Street bridge in Spring 2021. Anne Street from Edgehill Drive to Donald Street has been closed since May 29, 2021. The bridge is anticipated to open to traffic before the end of 2022.

For more details on the project, visit Anne Street Bridge Replacement project page via www.barrie.ca/RoadWork.
