**Brief Statement of Purpose of Presentation:**  
The Simcoe County Federation of agriculture would like to introduce ourselves to the newly elected council and describe some of our functions.

Our main function is agriculture advocacy on behalf of our 1560 members. This includes staying informed on provincial and municipal government policies and legislation that impact our Farm businesses. So many decisions that the council makes are interconnected with how farmers operate which includes road works, land development and Ag-tourism. Going forward we want to build upon our partnership with the Simcoe County municipalities and this council.
