## 36 Collier St. (Armoury):

- No features of the Armoury will be removed or altered;
- Potential for vibration impacts: recommended to be evaluated and monitored by a structural engineer so that they could be avoided.

## Column of Valour (79 Collier St.)

- Column will be re-located on-site, sensitive to its heritage value as a commemorative feature of the former use of the site;
- Relocation plan – ensure the column is removed, stored, repaired, and placed in its new location safely.

THANK-YOU
