## A Playful Sight, A Joyful Sound

### And a Touch of Imagination

Together with our partner Unlimited Play, we've created Sensory Safety Rails to enrich play through visual and tactile engagement. Thanks to the variety of height in activities and an extra-wide ramp, individuals of any age or ability can experience sensory fun side by side. Sensory Barriers are available in 6', 8', and 12' sections.

To learn more about our partnership with Unlimited Play, visit [LittleTikesCommercial.com/Unlimited-Play](http://LittleTikesCommercial.com/Unlimited-Play)

### Visual Sensory Safety Rail

Blaze off into space or dive deep in the ocean by looking through the helmets on this sensory safety rail. Chimes and transparent shapes are also featured for further exploration.

### Tactile Sensory Safety Rail

Ring the chimes, spin the rollers, or touch the marbles for an experience that encourages new ideas for play and strengthens a child's trust in their senses.

### Visual and Tactile Sensory Safety Rail

Run fingers across marbles, spin rollers, or click chimes on one side of this sensory safety rail. On the other, take in eye-catching graphics and explore colorful shapes.
