Motion for Consideration: That staff in the Transit and Parking Strategy Department investigate the feasibility of extending the resident waterfront parking permit to include the designated Electric Vehicle charging stations at the Marina parking lot provided that the vehicle is being charged while in the spot, the vehicle owner be present and once fully charged the vehicle will need to be moved or be subject to parking costs or fines

Reason or Rationale in support of the motion: The spots reserved for EV charging at the Marina lot are under used with most sitting vacant. These spots could be more utilized by residents in the downtown core or along Lakeshore.

Linkage 2022-2026 Strategic Priorities:

Infrastructure Investments -Implement climate action plans.

Responsible Governance- Support the services our community needs while keeping tax increases low.
