

Notice – Item for Discussion

Submitted by:	Councillor NIXON
Subject:	INVESTIGATION FOR A CROSSWALK - TORONTO AND PARK STREET
Reference Committee Name:	Community Safety Committee
Reference Committee Date:	
General Committee Date:	
City Council Date:	

Motion for Consideration:

That staff in the Development Services Department investigate the feasibility and approximate costs of installing a crosswalk at corner of Toronto Street and Park Street and report back to the Active Transportation and Sustainability Committee.

Reason or Rationale in support of the motion:

Toronto Street does not have a safe crossing area from the intersection of Dunlop Street moving north to Ross Street. It has become a very busy street making it difficult for seniors from Victoria Village, youth visiting the skateboard board park or parents with strollers or children to safely cross to visit Queen's Park.

Linkage 2022-2026 Strategic Priorities:

This links directly to our community safety priority.
