

Notice – Item for Discussion

Submitted by:	Councillor, Jim Harris
Subject:	CREATING NO STOPPING ZONES AROUND ST. JOHN VIANNEY CATHOLIC SCHOOL
Reference Committee Name:	Community Safety
Reference Committee Date:	May 8, 2024
General Committee Date:	May 29, 2024
City Council Date:	June 5, 2024

Motion for Consideration:

That staff in Development Services investigate the feasibility of implementing *No Stopping* restrictions adjacent to St. John Vianney Catholic School and report back to General Committee.

Reason or Rationale in support of the motion: The St. John Vianney Parents Council has expressed safety concerns with vehicles stopping at and near the designated school crossing areas that are directly adjacent to the school. The concerns have been corroborated with both the past and current school principals who have advised that there have been several near misses and repeated notices to parents asking them to refrain from stopping in these have not been successful to deter the behavior. In consultation with staff, it was noted no stopping areas have been implemented in school areas with similar characteristics and this could be a potential option for this area. This item if approved would allow staff to review this option for implementation in the areas of concern on Innisfil and Marshall streets.
