

# **The Barrie Skateboard Park 25<sup>th</sup> Anniversary Event**

## **Proposal for Budget**

This proposal was prepared by the Barrie Skateboard Association after consultations with local skateboarders, community members and those with a heartfelt and vested interest in the Skatepark.

Event: 25<sup>th</sup> Anniversary of the opening of the Barrie Skateboard Park  
Date: Saturday September 21<sup>st</sup>, 2024  
Rain Date: Saturday September 28<sup>th</sup>, 2024  
Time: 9:00 a.m. to 5:00 p.m.  
Location: Queens Park – Skateboard Park – Barrie, ON

To celebrate the 25<sup>th</sup> Anniversary of the Queens Park Skate Park, the Barrie Skateboard Association is looking to create further collaborative, enriching, and meaningful partnerships with local community groups, associations, and community organizations to develop and integrate their unique perspectives, shared interests and above all, their love and commitment for their growing community. It is our vision to enhance this event by incorporating a sense of communal pride along with sharing resources. These partnerships will allow us to celebrate and offer a diverse and inclusive celebration that reflects the rich tapestry and culture that the City of Barrie offers in the community. This shared support aligns with the Barrie Skateboard Associations' mission. Together, we can make this 25<sup>th</sup> anniversary a memorable and impactful occasion for all involved while serving the community members.

After consulting with community members, stake holders, along with those who helped to first open the park originally, it is the opinion of the Barrie Skateboard Association that the skateboard park, further referred to as "the park," requires several items/issues that need to be addressed and tended to prior to the 25<sup>th</sup> Anniversary event.

1. **Chain Link Fence** – The frontal section of the gates along with the tall section of chain link fence that is fronting Park Street, we ask that it be removed. It has been noted by community members that it does not seem inviting and reflects more of a closed in space rather than a park which is meant to invite those to use it. In addition, the back section of fencing, where there is a closed and locked gate, which is between the Queens Park Baseball diamond and the Army Cadet Drill Hall located on Park Street. By removing this gate, it would allow for a safer entrance into the park allowing community members to park in proper parking spaces located on Parkside Drive and walk safely into the park. Community members have voiced that this would allow for younger riders to come into the park with their families in a safer way. (Insert Pictures of the fences to be removed!)
2. **Trash Receptacles** – We are asking that three (3) trash receptacles be added to the three entrances of the park. This would assist community members in helping to clean and maintain the cleanliness of the park. Currently, the trash receptacle is placed away from the entrance and on the path leading away from the skate park.

## Event Itinerary

In the days leading up to the event, temporary staging would be installed so that it would be ready to use on the day of the event. Washroom facilities/toilet rentals would be delivered and setup on the Friday before the event.

## Day of the Event
