Thank You for Your Support

March 2012

Phase 1 Expansion

- 101 additional beds including region's only respiratory and cardiac unit
- 2 shelled-in patient units for future expansion
- Expanded emergency and imaging departments
- Fully-automated, expanded laboratory
- Simcoe Muskoka Regional Cancer Centre
- 2 new operating suites

Safe transition into expansion

**New Emergency
opened June 2012**

Phase 1 Expansion

Patient units open to-date:

- Respiratory Unit
- Inpatient cancer/palliative Unit
- Cardiac Renal Unit

Cardiac Care unit

- 4-bed specialized unit
- Patients who would've been treated in ICU

Innovation

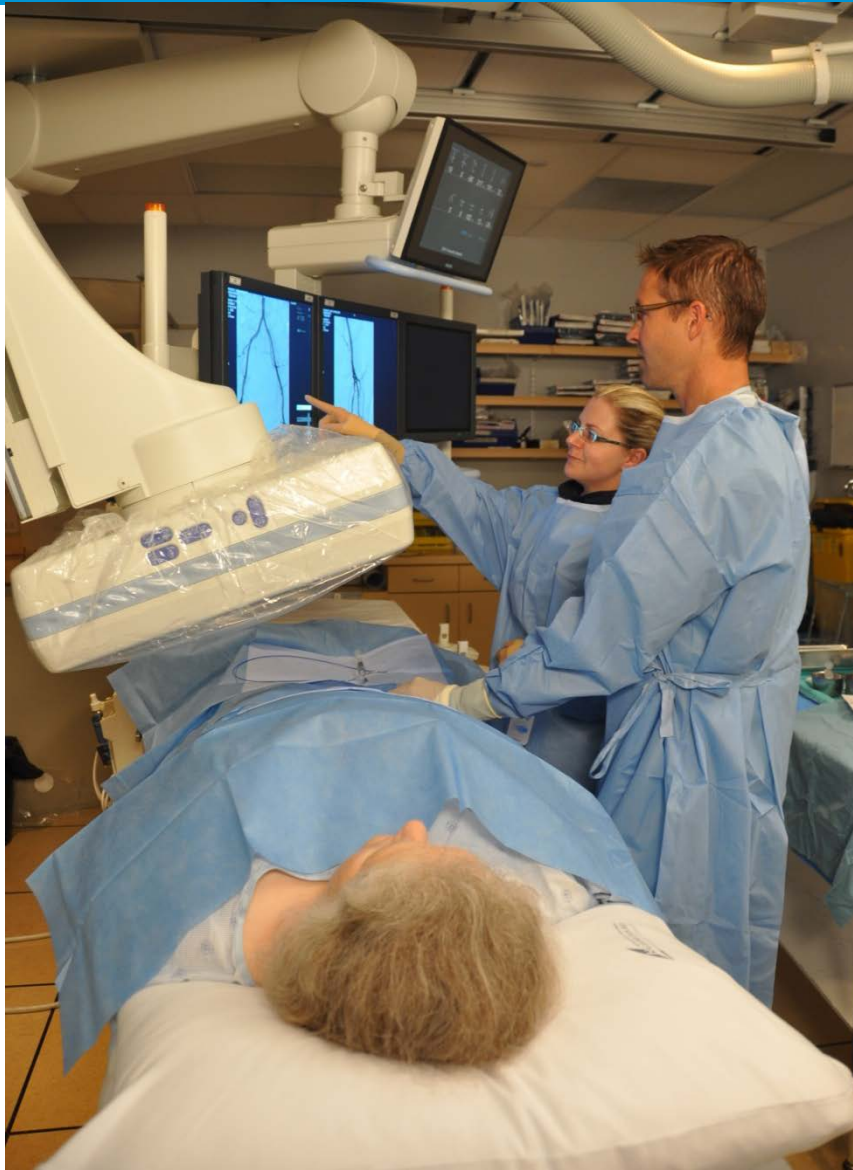

Installation of 2nd MRI

Fully-automated laboratory

Innovation

2 Interventional Radiology suites

Innovation

3 radiation units

Automated chemotherapy unit

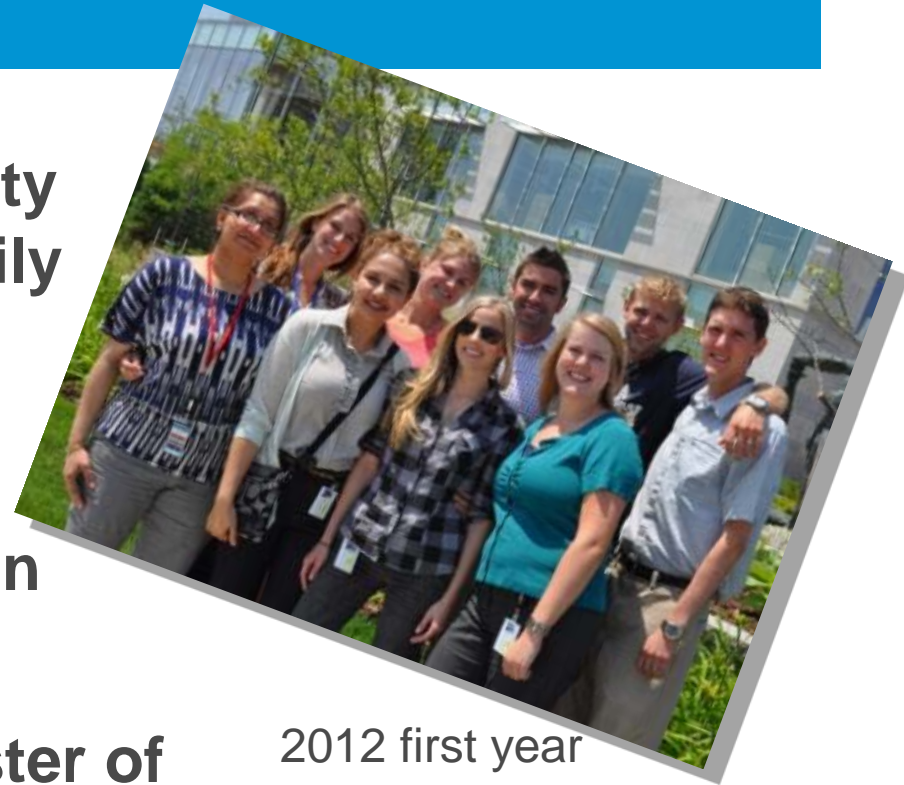

Rotary Place

- Houses non-clinical departments
- Rotary House – lodge for cancer patients
- Connected to Cancer Centre via tunnel
- Family Medicine Teaching Unit and clinic

Family Medicine Teaching Unit

- Partnership with the University of Toronto Department of Family and Community Medicine
- Currently 20 residents
- 8 graduates – 4 have stayed in the area
- Residents manage a total roster of 3000 patients in the clinic

2012 first year
FMTU residents

Recruitment

- Largest recruitment drive in region's history
- To-date more than 600 new staff have joined TEAM RVH

Strategic Plan

Royal Victoria
Regional Health Centre

Inspiring care...
Your voice. Our future.

What's next? Advanced Cardiac Care

SERVICE

- Advanced cardiac program at RVH would include coronary angioplasty
- Only region in Ontario without advanced cardiac services

Child & Youth Mental Health Update

- **No inpatient Child & Youth Mental Health services in North Simcoe Muskoka LHIN**
- **Parents have few options for their troubled children**
- **RVH has physical space and expertise**
- **Will continue to work with provincial government to develop this much-needed service**

Thank you City of Barrie
