Subject: Monday meeting of council, deputation request

Dear City Clerks,

I understand you intend to review the motion 19-G-104 on Monday. The section that concerns me as a resident and professional architect that often deals with planning policy in the region is the budget allotment for active transportation measures.

As MTO does not apportion any percentage of their funds to active transportation, this falls on Municipalities to determine an appropriate percentage of allocation.

I would like to present my concerns, and so submit this request to make a deputation to council Monday night. I apologize for the late submission, I was only made aware of the issue Friday.

Best Regards,

Andy
