2009

An aerial photograph of a large, multi-winged hospital building. The central part of the image shows a large, rectangular building with a flat roof, surrounded by several smaller, more complex structures. The building is surrounded by a large parking lot filled with cars and trucks. In the foreground, there is a large area of dirt and construction equipment, indicating ongoing work. The background shows a road and some trees.

**July 2011**

- **Project will double the size of hospital**
- **440,000 sq. feet of new space**
- **100,000 sq. feet of renovations in existing building**
- **Total price tag for expansion is \$450 million**

# Phase 1 Expansion

- Capacity for 165 new in-patient beds
- Dedicated Coronary Care Unit
- Expanded Emergency Department
- Expanded Laboratory
