Policy and Standards Technologist, K. Fitzgerald.

The Accessibility Advisory Committee met and reports as follows:

SECTION "A"

ACCESSIBLE SIDEWALK DESIGN

K. Fitzgerald, Policy and Standards Technologist provided an update concerning the enhancement of accessible features in the designs of City Sidewalks.

Ms. Fitzgerald discussed slides concerning the following topics:

- The Ontario Provincial Standard for sidewalks;
- A picture illustrating the typical sidewalk design with tooled joints;
- The Modified Ontario Provincial Standards for Sidewalks; and
- A picture illustrating the city's current typical sidewalk design with saw-cut joints.

Ms. Fitzgerald advised that by replacing the tooled joints with saw-cut joints on City sidewalks it would allow a continuous and consistent surface treatment for the public using strollers, walkers wheelchairs and similar other mobility enabling devices. She noted that the replacements would improve accessibility within the City.

Members of the Committee provided feedback to Ms. Fitzgerald and received responses from City staff.

The Accessibility Advisory Committee met and recommends adoption of the following recommendation(s):

SECTION "B"

CITY OF BARRIE INFRASTRUCTURE STANDARDS - SIDEWALK JOINTS

1. That staff in the Corporate Asset Management Department incorporate the replacement of tooled joints with saw-cut joints into the design of City sidewalks as part of the City of Barrie's Infrastructure Standards to enhance accessibility features on City sidewalks.

2. That newly built or reconstructed City sidewalks be built to this enhanced Infrastructure Standard and continue to conform to the applicable Ontario Provincial Standards and the *Accessibility of Ontarians with Disabilities Act* (AODA).

This matter was recommended to Finance and Corporate Services Committee for consideration of adoption at its meeting to be held on 2020-11-17.

The Accessibility Advisory Committee met and reports as follows:
