

*Guiding citizens, businesses
and local leaders toward actions
that foster sustainability and
resilience in our community.*

Living Green
Barrie

We are a **Registered Charitable Organization**

(formerly known as Environmental Action Barrie). We are guided by a dedicated and knowledgeable **Board of Directors** comprised of environmental professionals, scholars, and practitioners.

We are engaged in building a well connected and literate **Green Community.**

We strive to connect people from all walks of life to work on fact-based solutions to critical local problems.

We are **Innovators.** Many of our best ideas have been adopted by others. We installed Barrie's first community garden, were the first to recycle plastics, ran home energy and water saving programs, and started the Spring-Into-Clean events.

We plant trees. Our goal is to plant 10,000 Trees in Barrie by 2024. Planting urban trees requires extra care before and after to give them the best chance to grow to maturity. Trees make us more resilient to climate change now, and allow us to adapt to future conditions.

We educate & inspire.

We hold regular public events designed to teach and build momentum for action. We are committed to providing credible and solutions-based answers to environmental questions.

We like to get our hands dirty!

We have built a community of volunteers. We participate in and run large events that help people become engaged.

We plant & maintain food forests.

A food forest is made up of fruit-bearing trees in public areas for all to enjoy. They increase the urban tree canopy, provide habitat for pollinators and help local food security.

Let's Make Barrie Greener Together!

Become a sponsor. Choosing to sponsor Living Green not only allows us to continue and expand our good work, but also allows you to align environmental and social values to your business model. We work with your business to give you the most value and recognition for your support.

Join our online community. Sign up through the website for our newsletter to find out about local environmental events and initiatives. Visit our website and follow us on social media to stay informed.

Become a Volunteer. A variety of volunteer opportunities are available throughout the year. From working a registration table at events, to helping us with the charity bingo, to planting a tree or two, our volunteers are our most valued resource.
