Title: DEMOGRAPHICS OF SENIORS IN BARRIE - BARRIE PUBLIC LIBRARY

Christopher Vanderkruys, Director of Business and Development from the Barrie Public Library provided a presentation concerning the demographics of the City of Barrie through statistics gathered from Environics Analytics.

Mr. Vanderkruys discussed slides concerning the following topics:

- A map illustrating the City's demographic area;
- Statistics associated to the City's:
 - o Population and household information;
 - o Housing and income;
 - o Education and employment; and
 - o Diversity.
- The demographic statistic highlights associated to:
 - o Household and dwelling characteristics;
 - o Income, education and employment; and
 - o Language, immigration and visible minority status.
- The percentages for the top five segments of households in Barrie;
- A summary of the demographic statistic trends associated to:
 - o Population;
 - o Families;
 - o Household and housing;
 - o Income, education and labour;
 - o Diversity; and
 - o Population/household/income change by year.

Members of the Committee asked a number of questions to Mr. Vanderkruys and received responses.
