<b>Title:</b>	<p>Sue Moore provided a deputation concerning motion 11-G-252 regarding Police Accommodation. She stated that she is opposed to the recommendation as prior to considering the recommendation concerning Police Accommodation, General Committee deferred a decision regarding a staff report regarding long range financial plan and financial policy framework update. She believes a decision on police accommodation should not be considered until this decision has been made. She commented that she feels, since the financial plan was not debated a decision should not be made about the Police Accommodation. She noted that she was concerned that City Council would spend 35 million dollars without debating the long range financial implication. Ms. Moore stated that she believes City Council should establish a financial plan before making significant financial commitments. She requested that City Council put their decision concerning Police Accommodation and until the financial plan and policy framework update is adopted and it should request that the Police Services Board inform City Council how the recommend motion from General Committee will impact the service levels.</p>				

Members of City Council provided comments concerning the open delegation.
